Consent
November 9, 2006

**Honorable Mayor and
Members of the City Council**

Title: Agreement: Flow Monitoring Services (XI81)

Location/Council District: Citywide

Recommendation: Adopt a **Resolution** 1) authorizing the City Manager to execute an agreement with SFE Global to provide sewer Flow Monitoring Services for an amount not to exceed \$178,000.

Contact: Dave Brent, Engineering Division Manager (916) 808-1420; Rick Batha, Supervising Engineer (916) 808-1448.

Presenters: not applicable

Department: Utilities

Division: Engineering

Organization No: 3332

Description/Analysis

Issue: The Department uses sewer flow measurement data for various reasons including to determine existing pipe capacity, update sewer flow computer models, update sewer infrastructure master plans to include future development proposals, and to identify areas in need of pipeline rehabilitation. Sufficient staff is not available or trained in using the specialized equipment needed to conduct and analyze flow measurements. SFE Global was selected through a Request for Qualifications process to provide these needed flow monitoring services. The work will include flow monitoring site assessments, equipment installation, site maintenance, data delivery and equipment repair.

Policy Considerations: The proposed project is consistent with the City's Strategic Plan goals of improving sustainability and livability.

Environmental Considerations: This project is an information collection activity that is not subject to CEQA review pursuant to Section 15306 of the CEQA Guidelines. No environmental impacts are anticipated as a result of flow monitoring activities.

Financial Considerations: The total cost of the Consultant Services Agreement is \$178,000. There are sufficient funds available in the Flow Monitoring project (PN: XI81, fund 414) to execute this agreement.

Emerging Small Business Development (ESBD): SFE Global is not certified in the City as an Emerging Business Enterprise.

Respectfully Submitted by: 
David L. Brent
Engineering Manager

Approved by: 
Gary A. Reents
Director of Utilities

Recommendation Approved:

Ray Kerridge
City Manager
