Description/Analysis:

Issue: The project, which was called-up for hearing before the City Council by Council Member Lauren Hammond, was first noticed for hearing on November 9, 2006. The project was continued from the November 9, 2006, hearing date to allow the applicant time for project redesign. The Zoning Code provides a hearing regarding the project should be held within 120 days of the date the project was noticed for a public hearing at City Council. This would require a hearing before the City Council no later than its March 6, 2007 meeting. The deadline for action may be extended by mutual agreement between the applicant and the City Council. The applicant has agreed to the hearing date continuance (see Attachment 1). Staff suggests the hearing be continued to a date no later than June 12, 2007.

The applicant has employed a new project architect who will help resolve concerns raised regarding the project but needs additional time in order to resolve the concerns.

SUBJECT: Project Continuance for the 5th Avenue project (P05-046)

Dear Mr. Ross:

As you know, your project was called up by Councilwoman Hammond following its approval by the Planning Commission. Since that date there have been continuing discussions regarding your project.

The Zoning Code provides that a hearing regarding the project should be held within 120 days of the date the project was noticed for a public hearing at City Council. In this case, the project was first noticed for hearing on November 9, 2006 and would require a hearing before the City Council no later than its March 6, 2007 meeting.

I am aware that you have employed a new architect on the project and I hope we are able to identify a plan that resolves the various concerns raised regarding the project. I do not think we will be able to achieve that result and make the March 6, 2007 deadline, particularly because we must prepare materials well in advance of the City Council hearing.

The deadline for action may be extended by mutual agreement. We suggest that the hearing be continued to no later than June 12, 2007.

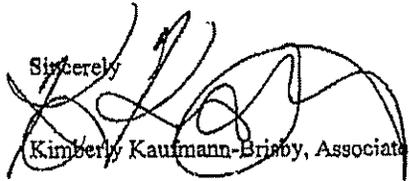

If you are in agreement, please sign below and return a copy of this letter to me at your earliest convenience. I will then schedule the continuance matter on the City Council’s consent calendar. If you have questions, or do not agree to the continuance, please contact me at (916) 808-5590.

Thank you for your time and attention.
