REPORT
ITEM # 26

Mayor Fargo and Councilmembers
City of Sacramento
City Hall Chambers
915 I Street
Sacramento, CA 95814

MARCH 13, 2007

Dear Mayor Fargo, Councilmembers and Community Friends,

Please accept my apology for not attending today's City Council Meeting, due to my obligation of submitting the upcoming WCIC/Playmate Annual Head Start Grant Application for 2007/2008. However, the Oak Park Redevelopment Advisory Committee's majority vote was in support of the Goodwill Property Acquisition Project.

This long-term investment in this community will increase tax increment and serve as a catalyst for other businesses to come to Oak Park. This property is ideal for mixed-use development.

As you are aware, the City of Sacramento's communities leadership members are planning Sacramento's 2030 General Plan. Therefore, a positive redevelopment vision is necessary for the Oak Park Community as well.

Sincerely,

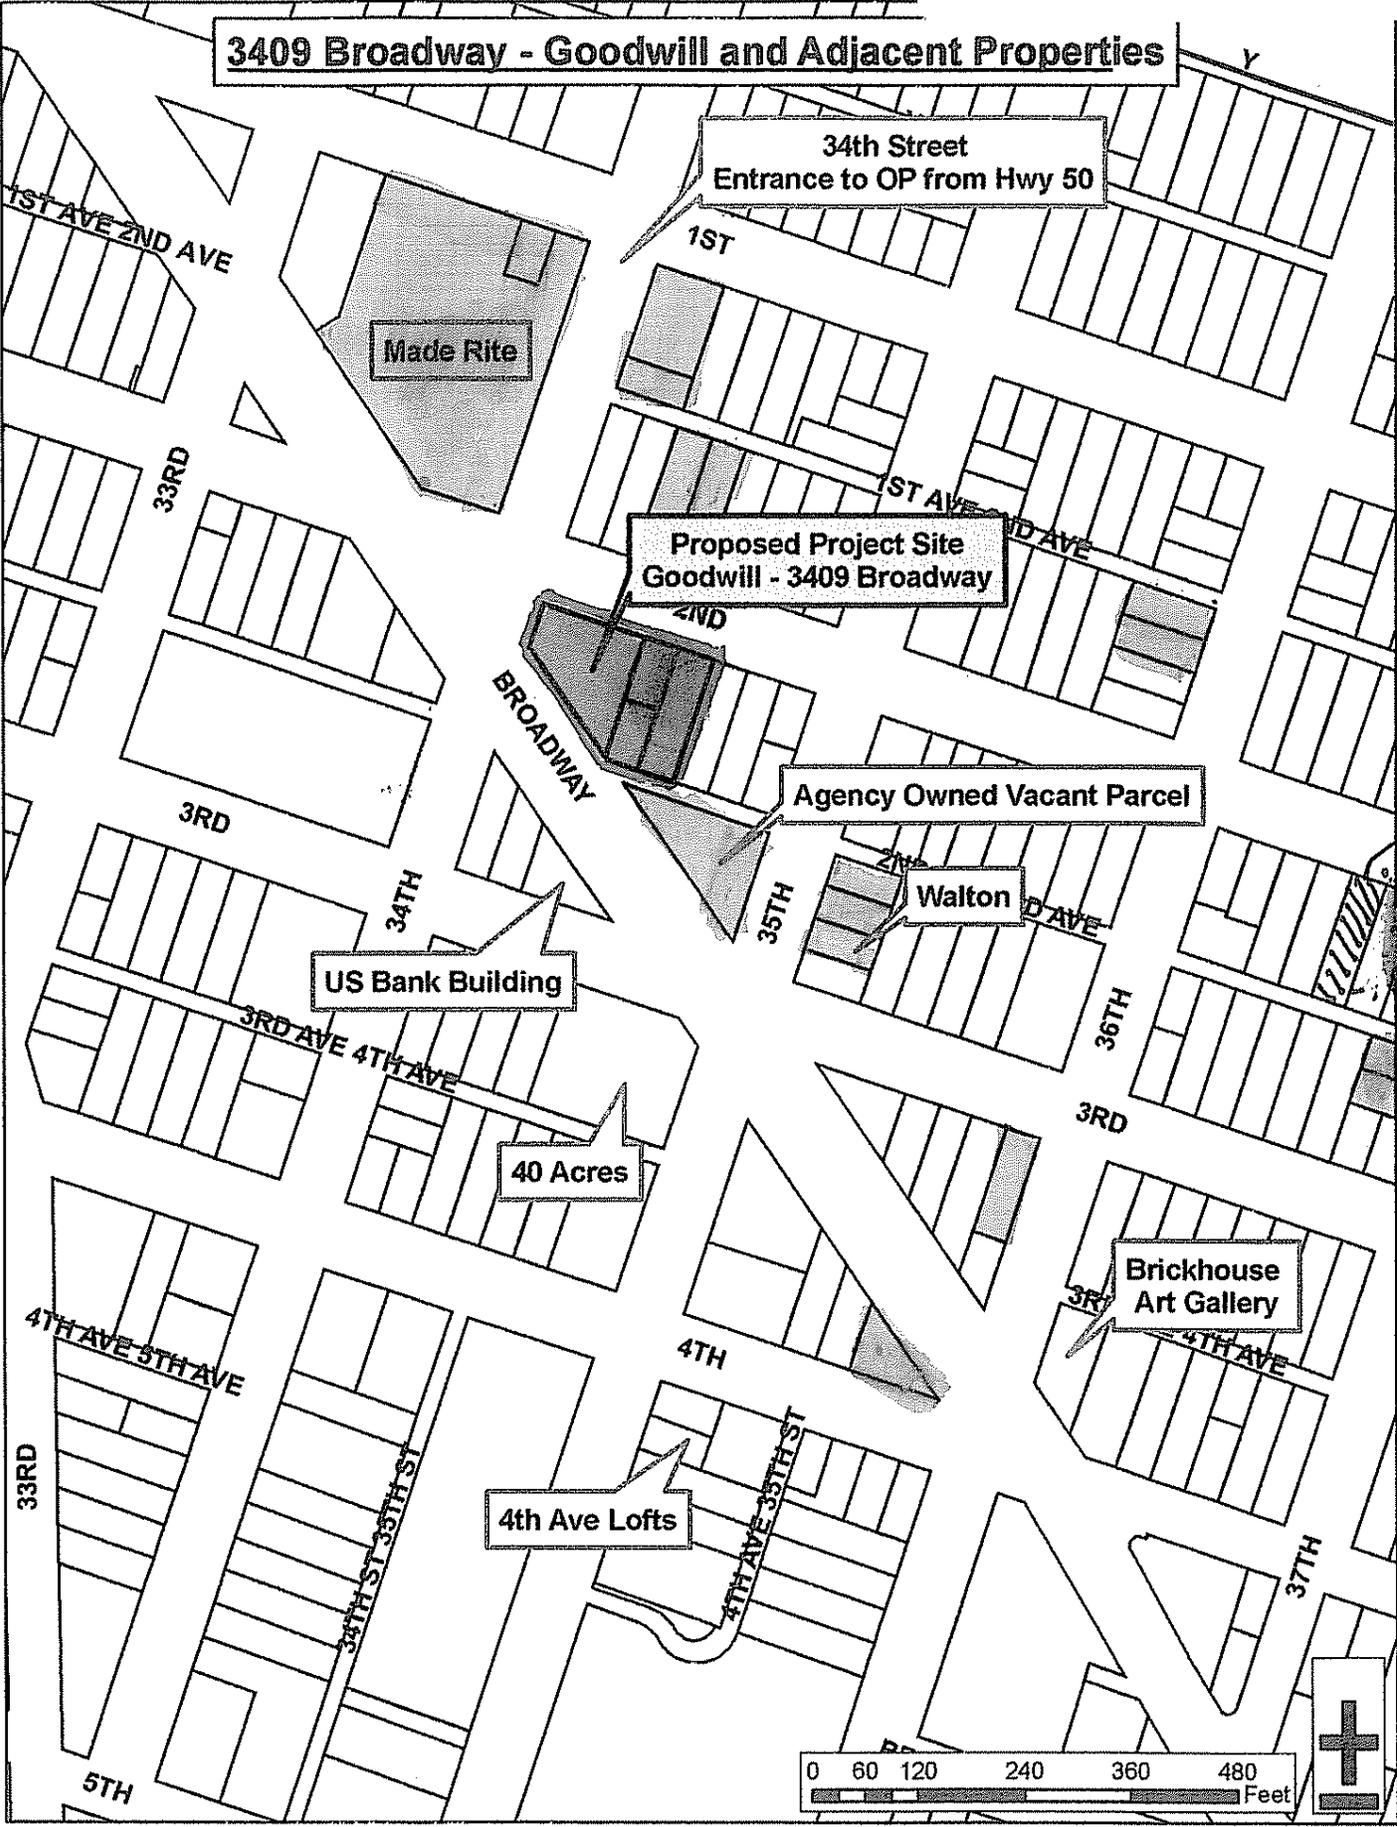

Ednausegboye Davis,
Chairperson

Oak Park Redevelopment Advisory Committee

PETITION TO THE CITY OF SACRAMENTO

The Save Our Station League is a group of transit riders, business owners, and regular citizens who believe that the city has not adequately demonstrated that there is any reason to move the light rail station on the 700 block of K Street.

In the interests of showing the city what transit riders and K Street Mall visitors think of the station move we have prepared this petition.

Please take into account the views of transit riders when you decide whether or not to move the 700 block station to the 800 block.

PETITION TO THE CITY OF SACRAMENTO

The Save Our Station League is a group of transit riders, business owners, and regular citizens who believe that the city has not adequately demonstrated that there is any reason to move the light rail station on the 700 block of K Street.

In the interests of showing the city what transit riders and K Street Mall visitors think of the station move we have prepared this petition.

Please take into account the views of transit riders when you decide whether or not to move the 700 block station to the 800 block.
