Title: CalHome Application

Location/Council District: Citywide

Department: Sacramento Housing and Redevelopment Agency

Description/Analysis:

Issue: The California Department of Housing and Community Development recently announced a Notice of Funding Availability (NOFA) for the CalHome Program for the First-Time Homebuyer and the Owner-Occupied Rehabilitation programs. The funding for this NOFA was provided by the passage of Proposition 1C, the Housing and Emergency Shelter Trust Fund Act of 2006. This report requests authorization to apply for CalHome funds in the amount of \$1,000,000. This amount will provide homeownership assistance up to \$40,000 per home to approximately 25-30 homeowners/homebuyers in target areas of the City.

CalHome Application

Policy Considerations: The actions requested in this staff report are consistent with Agency policy to provide affordable homeownership opportunities and improve and preserve the existing housing supply within the target and redevelopment areas of the City.

Environmental Considerations: The proposed action consists of an application to create a government funding mechanism, which is a financing mechanism, to provide purchasing assistance to low-income home buyers for purchase of single family homes which have previously been constructed or are in projects that have already been reviewed under the California Environmental Quality Act (CEQA), approved, and are under construction. The action does not commit to any specific project which may result in potentially significant impacts on the environment. As such, the proposed action does not constitute a project under CEQA per Guidelines Section 15378(b) (4). It is not a federal undertaking under the National Environmental Protection Act (NEPA).

Committee/Commission Action: At its meeting on March 21, 2007, the Sacramento Housing and Redevelopment Commission adopted a motion recommending approval of the attached resolutions. The votes were as follows:

AYES: Burns, Burruss, Chan, Gore, Hoag, Piatkowski, Shah, Stivers

NOES: None.

ABSENT: Coriano, Fowler

Rationale for Recommendation: A successful CalHome application would provide funding for homeownership assistance to 25-30 low-income homebuyers and homeowners in the revitalization areas of the City, increasing homeownership rates and preserving existing affordable housing.

Financial Considerations: The CalHome application will be in the amount of \$1,000,000. The program includes a CalHome program activity delivery fee of approximately 10-15 percent of the grant amount. Loan repayments revolve into an Agency CalHome reuse account which will fund future loan programs.

April 10, 2007

CalHome Application

M/WBE Considerations: Minority and Women's Enterprise considerations do not apply since this action does not involve federal funds.

CalHome Application - Background

Background: SHRA has been administering the CalHome Program on behalf of the City and the County for several years and has helped 176 low-income households buy their first home or rehabilitate their existing home with CalHome funds.

To encourage leveraging of other funds and to serve the highest number of eligible homebuyers/homeowners, this NOFA limits the amount of CalHome assistance per unit to \$40,000 including activity delivery costs of approximately 10 -15 percent of the assistance.

First-Time Homebuyer Mortgage Assistance: The CalHome First-Time Homebuyer Mortgage Assistance Program provides down payment and mortgage assistance to low-income first-time homebuyers. The assistance is in the form of a deferred payment loan. The maximum loan to homebuyers will be determined based upon the amount of subsidy needed to make the unit affordable to the homebuyer. Please see Attachment 3, CalHome First-Time Homebuyer Mortgage Assistance Program Guidelines, for the Agency's proposed program guidelines.

Owner-Occupied Rehabilitation: The CalHome Program provides assistance to low-income owner-occupants to pay for repairs and improvements to their home (including mobile homes). This assistance is in the form of a deferred payment loan. The maximum loan to individual homeowners will be determined based upon the amount of subsidy required to fund costs associated with eligible improvements. Please see Attachment 4, CalHome Owner-Occupied Rehabilitation Program Guidelines, for the Agency's proposed program guidelines.

Program Targeting: The applications for the CalHome funding will be rated and ranked based upon various evaluation criteria, and maximum points will be awarded in the category of community revitalization if the applicant restricts the program to federally defined qualified census tracts and/or designated redevelopment areas. Because of the need to increase homeownership and improve existing housing stock in these areas, the limited number of homeowners that can be assisted with these funds, and to make our application more competitive, staff recommends that the program be targeted to the qualified census tracts and redevelopment areas. Please see Attachment 5, CalHome Target Area Map.

RESOLUTION NO. 2007 -

Adopted by the Sacramento City Council

on date of

The action does not commit to any specific project which may result in potentially significant impacts on the environment. The CalHome First-Time Homebuyer Mortgage Assistance loan helps buyers purchase homes by providing financial assistance to reduce the amount of the first mortgage and to pay non-recurring closing costs.

Maximum Loan

The maximum loan shall not exceed the required amount of subsidy needed to make the unit affordable to the homebuyer and to pay non-recurring closing costs, not to exceed \$36,000.

Interest Rate

Repayment

Loans shall be repayable upon sale or transfer of the property, when the property ceases to be owner-occupied, or upon the CalHome Program Loan maturity date.

Hardship	<p>However, if it is determined by the recipient that repayment of the CalHome Program loan at the maturity date causes a hardship to the borrower, the borrower has two options:</p> <p>(A) Amending the note and deed of trust to defer repayment of the amount due at loan maturity, that is the original principal and the accrued interest, for up to an additional 30 years (at zero percent additional interest), this may be offered one time, or</p> <p>(B) Converting the debt at loan maturity, that is the original principal balance and any accrued interest, to an amortized loan, repayable in 15 years at zero percent additional interest.</p>								
Eligible Properties	<p>The home must be located in eligible areas which are defined as “qualified census tracts” and/or redevelopment areas in the City and County of Sacramento. Please see following page for list of “qualified census tracts” and Agency redevelopment areas.</p>

First-Time Homebuyer	<p>The applicant must be a first-time homebuyer which means a borrower(s) who has not owned a home during the three-year period before the purchase of a home with CalHome assistance.</p>

**Eligibility vs.
Lender Income**

For program eligibility, the total annual income includes income from all adult members of the household.

For underwriting purposes, the lender shall use standard industry methods for determining the borrower's annual gross income. Note that the gross income figure calculated for income-eligibility purposes may vary substantially from the annual income a lender will use to underwrite the first mortgage.

Housing Debt Ratio

Monthly housing costs shall be no less than 28 percent of the borrower's gross monthly income and no more than 35 percent of the borrower's gross monthly income. However, with compensating factors the housing costs can exceed 35 percent, but not 40 percent. The total debt ratio may be determined by the lender's underwriting guidelines. On FHA insured loans, ratios are 29/41. These cannot be exceeded unless there are significant compensating factors.

Underwriting

The first mortgage lender will perform the underwriting using established credit guidelines for the particular program. The Agency will provide oversight of this function and may require credit explanations or payoff of collections if deemed necessary and prudent.

There may be no outstanding unpaid judgments or involuntary liens at the time the CalHome loan is recorded.

First Mortgage Restrictions

Borrower shall obtain the maximum first lien mortgage loan with a term and interest rate from a mortgage lender consistent with affordable housing costs outlined above.

The term of the loan shall be 30 years. Mortgage loans shall not include provisions for negative amortization, principal increases, balloon payments or deferred interest. The first mortgage may be an FHA loan, conventional loan, or CalHFA financing.

Fees and charges to the borrower for the first mortgage loan shall be reasonable and must be approved by the CalHome lender.

The first mortgage lender is required to collect and manage impound accounts for payment of taxes, assessments and hazard insurance according to the lender's requirements.

Escrow Prohibitions

Cash transactions and oral agreements outside of escrow are prohibited. Cash out of escrow to the borrower is limited to the amount deposited into escrow by the borrower and not needed for any lender-required minimum downpayment.

Homebuyer Education

The CalHome homebuyer must attend homebuyer education classes. The homebuyer education requirement may be met by taking the following classes:

Sacramento Home Loan Counseling Center

- Course 1 –The Home Buying Process
- Course 2 – Credit & Money Management
- Course 3 - Home Maintenance/Good Neighbor;
