

## REPORT TO COUNCIL City of Sacramento

915 I Street, Sacramento, CA 95814-2671  
www. CityofSacramento.org

**CONSENT**  
**April 26, 2007**

Honorable Mayor and  
Members of the City Council

**Title: Resolution Authorizing the Restriction of Traffic Through the Alley Bounded Between 11<sup>th</sup> Street, 12<sup>th</sup> Street, "D" Street and "E" Street; Restricted Traffic Proceeding NO. RT07-01**

**Location/Council District:** Alley bounded between 11<sup>th</sup> Street, 12<sup>th</sup> Street, "D" Street and "E" Street in Council District 1 (see Attachment 2, Page 5).

**Recommendation:** This report recommends that the City Council adopt the attached Resolution Authorizing the Restriction of Traffic Through the Alley Bounded Between 11<sup>th</sup> Street, 12<sup>th</sup> Street, "D" Street and "E" Street.

**Contact:** Jerry Lovato, Senior Engineering Technician, (916) 808-7918; Thomas Adams, Engineering Technician, (916) 808-7929

**Presenters:** Thomas Adams, Engineering Technician

**Department:** Development Services

**Division:** Development Engineering

**Organization No:** 4881

### **Description/Analysis**

**Issue:** The adjacent property owners to the subject alley have requested the restricted access of this subject alley to help eliminate or reduce the amount of criminal activity within this alley.

A summary of the project's history is included in Attachment 1, Page 4.

**Policy Considerations:** The procedures under which the restriction of traffic is being initiated are set forth in the Vehicle Code Section 21102.1 and Sacramento City Code Chapter 12.40.10 through 12.40.80 allowing the restriction of traffic through an alley or alleys for the protection or preservation of the public peace, safety, health or welfare. This restriction is consistent with the City's Strategic Plan focus area in that it will improve and expand public safety, achieve sustainability and enhance livability. This is in keeping with the City's vision of being the most livable city in America.

**Committee/Commission Action:** None

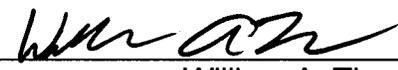

**Environmental Considerations:** The Environmental Planning Services section of the Development Services Department has determined that the project is exempt from the provisions of the California Environmental Quality Act (CEQA) under Class 1, Section 15301(c) and Class 3, Section 15303(e) of the CEQA Guidelines. Projects exempt under Section 15301(c), consist of the operation, repair, or minor alteration of existing highways, streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities involving negligible or no expansion of use. Projects exempt under Class 3, Section 15303(e), consist of the construction of small accessory structures.

**Rationale for Recommendation:** Adoption of the attached Resolution will provide additional security for the property owners and residents adjacent by reducing the amount of vehicular and pedestrian traffic and residents adjacent to the subject alley.

**Financial Considerations:** This request is processed under the Problem Alley Abatement Program of the City. The program, which provides for the construction of gates and necessary signs on alleys with crime-related problems, was approved for FY 06/07 by City Council and will be funded by the Problem Alley Abatement Program's Operating Budget. The total estimated cost to process this alley request is \$2,900.00. Whereas fifty percent of the total costs to process this restricted alley request will be paid for by the Problem Alley Abatement Program's operating budget and the other fifty percent will be paid for by Council District 1 Alkali Flat Alley Closure Fund (CIP: SP56). Staff has determined that the request to restrict the subject alley meets the criteria set forth in the Vehicle Code 21102.1 and City Code 12.40.10 through 12.40.80 allowing the restriction of traffic through an alley or alleys for the protection or preservation of the public peace, safety, health or welfare.

**Emerging Small Business Development (ESBD):** None

## **Background**

### **THE RESTRICTION OF TRAFFIC THROUGH THE ALLEY BOUNDED BETWEEN 11<sup>TH</sup> STREET, 12<sup>TH</sup> STREET, "D" STREET AND "E" STREET**

This proposed alley restriction was requested by the adjacent property owners to the subject alley. The alley is currently unrestricted to vehicular and pedestrian traffic. This accessibility has allowed non-residents the ability to travel through the subject alley and commit criminal acts. Many of these activities have been documented by the Sacramento Police Department which supports the restriction of this subject alley (see Attachment 3, Page 6).

The restriction of this subject alley will entail the installation of one gate placed near the center of the subject alley. This gate will be locked and only allow City agencies, utility companies and emergency personnel pedestrian and vehicular access through the alley (see Attachment 2, Page 5). The restriction of this subject alley will assist in deterring criminal activity by reducing the number of non-residents frequenting the alley who use it as a conduit to commit any criminal violation.

The total estimated cost of processing this alley restriction along with the gate and sign installation will be \$2900.00. This cost will be split between the City of Sacramento's Problem Alley Abatement Program and District 1 Alkali Flat Alley Closure fund (SP56). Each entity will pay \$1,450.00 towards the cost of installing the gate and required signs.

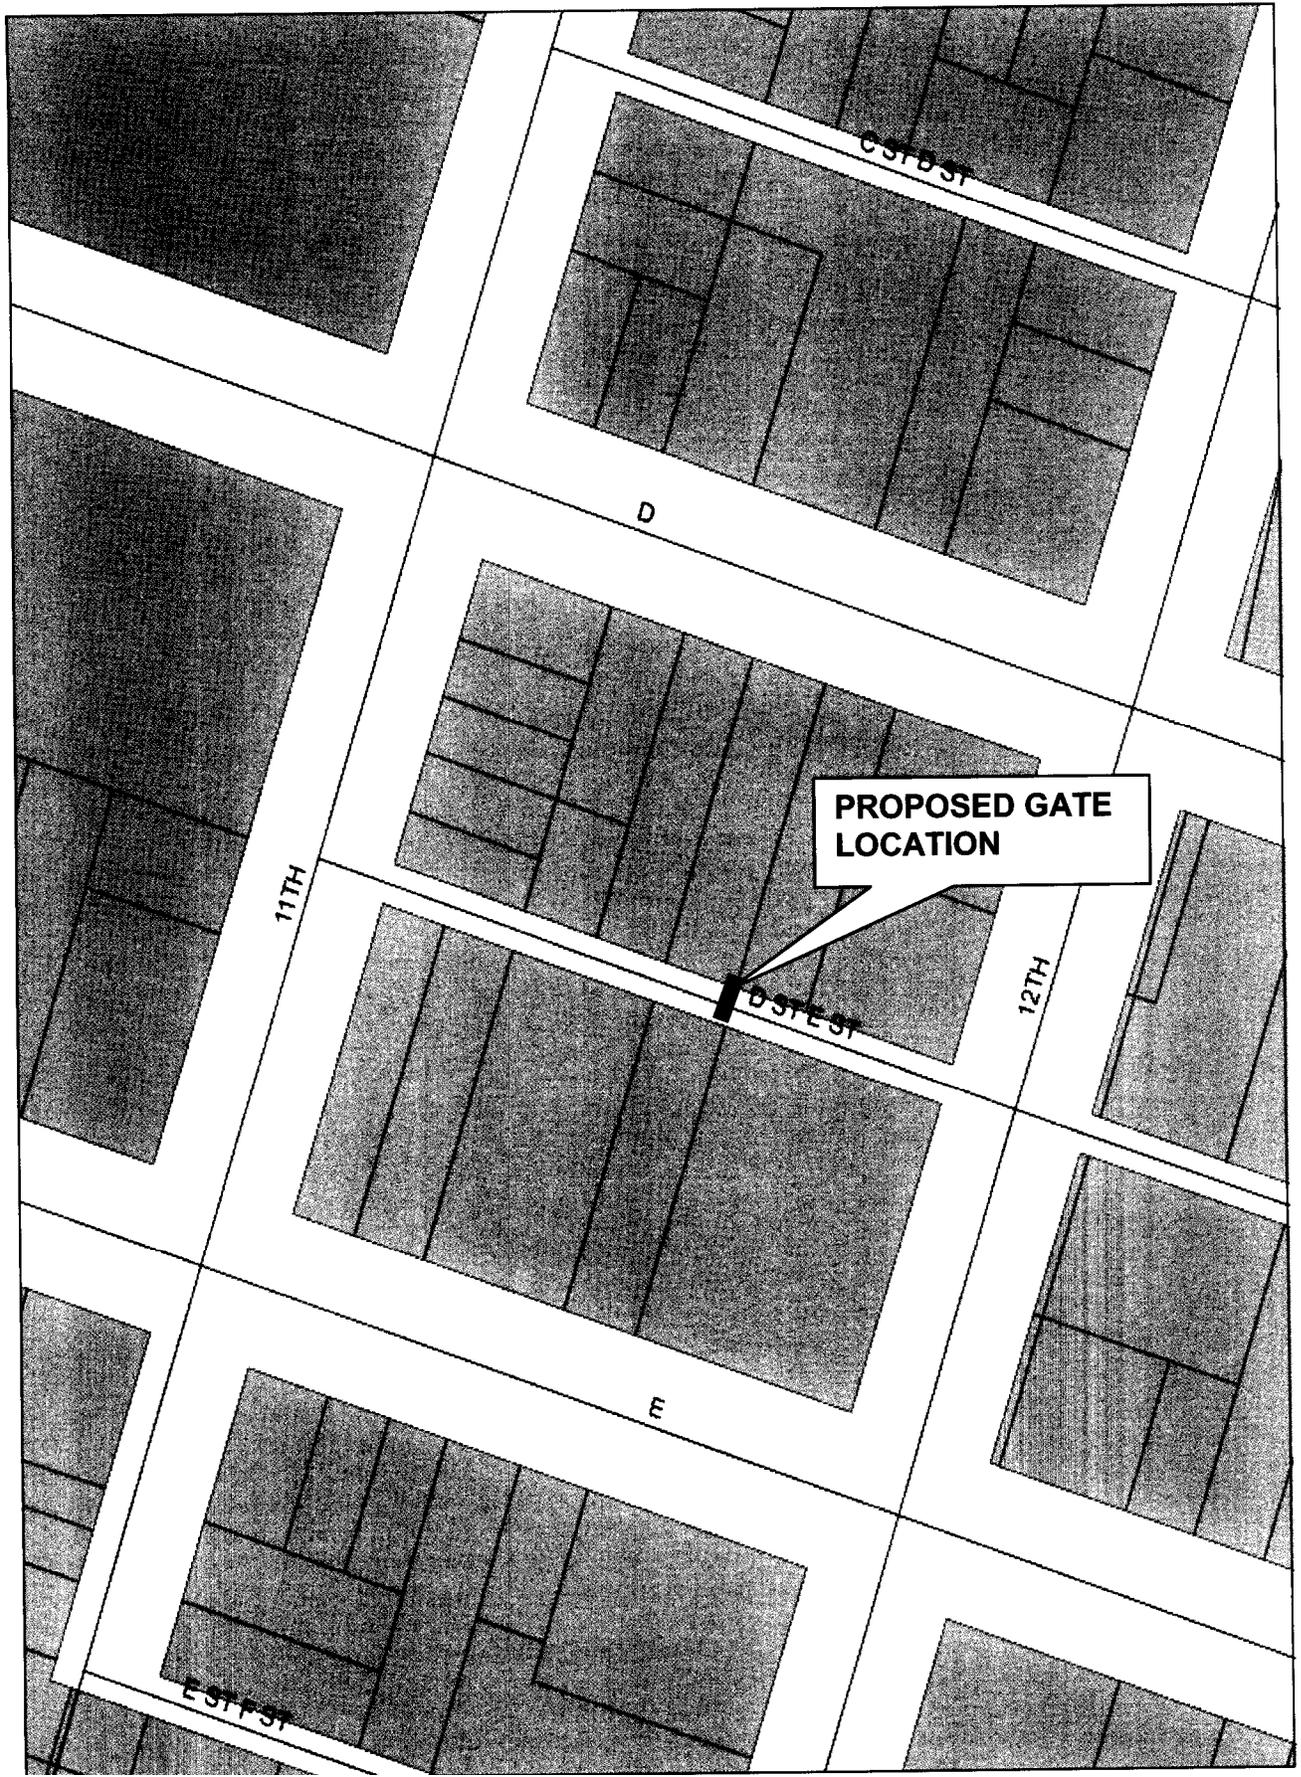

In addition to the Police Department's support of the alley restriction of the subject alley, the City of Sacramento Fire Department has also given support to the alley closure. The Fire Department certifies that the proposed temporary street closure will not adversely impact their operation or the safety within the surrounding neighborhoods (see Attachment 4, Page 8).

The restriction of this subject alley is also supported by the City of Sacramento's Department of Transportation (DOT). DOT certifies that the proposed alley restriction does not include a through highway or arterial street and that the alley closure allows adequate and safe traffic circulation on the adjacent streets (see Attachment 5, Page 9).

Solid Waste has also given their approval for this alley restriction (see Attachment 6, Page 10).

Section 12.40.030 of the City Code states that any restriction of vehicular or pedestrian traffic authorized pursuant to Section 12.40.020 shall remain in effect for such a period of time as specified in the City Council's resolution authorizing such restriction. Or, if no time period is specified, until the City Council finds that such restriction is no longer necessary for the protection or preservation of the public peace, safety, health, or welfare.

**MEMORANDUM**

**TO:** City of Sacramento  
Development Services  
915 I Street, Room 300  
Sacramento, CA 95814

**SUBJECT: CLEARANCE FOR THE RESTRICTION OF TRAFFIC THROUGH  
THE ALLEY BOUNDED BY BY "D" STREET, 11<sup>TH</sup> STREET, "E"  
STREET AND 12<sup>th</sup> Street**

I have reviewed the material on the subject alley proposed for restriction of traffic. On behalf of the Police Department, I find that the area of the proposed restriction of traffic on the subject alley suffers from serious and continual criminal activity. Vehicular and pedestrian traffic contributes to this activity. Given the ongoing criminal activity in the area of this alley, I recommend that the proposed restriction of traffic on the alley be implemented. Such action would substantially alleviate the serious and continual criminal activity in the area. Additional comments may follow bellow.

915 I Street, Room 300  
Sacramento, CA 95814

**SUBJECT: CLEARANCE FOR THE RESTRICTION OF TRAFFIC THROUGH  
THE ALLEY BOUNDED BY "D" STREET, 11<sup>TH</sup> STREET, "E"  
STREET AND 12<sup>TH</sup> Street**

I have reviewed the material on the subject alley proposed for restriction of traffic. On behalf of the Department, I find that the proposed restriction will not adversely impact the operations of the Sacramento Fire Department. The Fire Department supports this restriction of traffic. Additional comments may follow below.

**SUBJECT: CLEARANCE FOR THE RESTRICTION OF TRAFFIC THROUGH  
THE ALLEY BOUNDED BY "D" STREET, 11<sup>TH</sup> STREET, "E"  
STREET AND 12<sup>TH</sup> Street**

In reference to the requested restriction of traffic, I have reviewed the material on the above subject alley. I find the alley is under the City of Sacramento's jurisdiction and the proposed restriction of traffic does not include an arterial or a through street. It also appears that the restriction will allow adequate traffic circulation on the area. The Department of public works supports this restriction of traffic on the subject alley. Additional comments may follow below.

SUBJECT: **CLEARANCE FOR THE RESTRICTION OF TRAFFIC THROUGH  
THE ALLEY BOUNDED BY "D" STREET, 11<sup>TH</sup> STREET, "E"  
STREET AND 12<sup>th</sup> Street (See Attached map)**

In reference to the requested temporary closure, I have reviewed the material on the above subject alley.

I find that the proposed restriction of traffic will not adversely impact the operations of the General Services Department-Solid Waste Division. The General Services Department supports this restriction of traffic. Additional comments may follow below.

I do not support the proposed restriction of traffic. See comment below.

**RESOLUTION NO.**

Adopted by the Sacramento City Council

**Resolution Authorizing the Restriction of Traffic Through the Alley Bounded Between 11<sup>th</sup> Street, 12<sup>th</sup> Street, “D” Street and “E” Street, Restriction of Traffic Proceeding No. RT07-01**

**BACKGROUND**

- A. The City received a request from the property owners and neighboring residents of the alley bounded by 11<sup>th</sup> Street, 12<sup>th</sup> Street, “D” Street and “E” Streets for the restriction of their adjacent alley.
- B. Council District 1 has agreed to pay 50 percent of the total costs to construct the alley gate and placement of the necessary signage with the Alkali Flat Alley Closure Fund (CIP: SP56). The other 50 percent of total costs will be paid for by the Problem Alley Abatement Program.
- C. In accordance with Section 21102.1 of the Vehicle Code of the State of California and with Chapter 12.40.10 through 12.40.80 of the Sacramento City Code, the City Council hereby considers approval of the restriction of traffic on the following subject alley to help prevent future criminal acts.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. Based upon substantial evidence present in the record of the proceedings regarding this matter, City Council hereby makes the following findings:
  - a) There is serious and continual criminal activity in the area of the subject alley recommended for restriction. This finding is based upon a recommendation of the Police Department.
  - b) The alley recommended for restriction is under the City’s jurisdiction and has not been designated as a through highway or arterial street.
  - c) Vehicle or pedestrian traffic in the alley recommended for restriction contributes to the criminal activity that is occurring there.
  - d) The restricted alley will not substantially adversely affect traffic flow, safety on the streets or in the surrounding neighborhoods, the operation of emergency vehicles, the performance of municipal or

public utility services, or the delivery of freight by commercial vehicles in the area of the street recommended for closure.

Section 2. The Council finds and determines that the subject alley restriction will substantially alleviate the existing serious and continual criminal activity in that alley.

Section 3. City Council grants the restriction of the subject alley with the following conditions:

- a) A gate security device approved by the Sacramento Fire Department will be installed on the gates.
- b) City departments and utility companies will have twenty-four (24) hour access to their facilities within the alley.
- c) Signs giving notice of such restrictions shall be installed at the entrances to the subject alley prior to the installation of the gate security device.
- d) The gate security device shall not be operated in a selective manner that restricts the access of some vehicles and/or pedestrians to the subject alley, while permitting other vehicles and pedestrians unrestricted access to the alley.
- e) In the event that the gate security device requires construction by a private entity for improvements in the public right-of-way, a revocable encroachment permit and an excavation permit must be obtained from the Development Services Department. The revocable encroachment permit is to be issued simultaneously with this Resolution. The excavation permit, if required, may be issued subsequent to this Resolution, but must be obtained prior to the construction of improvements in the public right-of-way. Staff recommends that the City Manager waive the fee for the revocable encroachment permit.
