Description/Analysis

Issue: The existing district is required by the Property and Business Improvement District Area Law of 1994 to present before City Council an annual budget for approval. Approval of the district's annual budget will authorize the City to collect assessments in the amount sufficient to provide funding for economic development, security services, maintenance services, and image enhancement within the Del Paso Blvd. commercial corridor for FY2007-08.

Policy Considerations: The annual proceedings for this district are being processed as set forth in section 36600 of the California Streets and Highways Code, entitled "Property and Business Improvement District Law of 1994." This process is consistent with the City's Strategic Plan 3 Year Goal to "achieve sustainability and enhance livability" and to "expand economic development throughout the City."

Environmental Considerations: Under the California Environmental Quality Act (CEQA) guidelines, annual proceedings of a Special District do not constitute a project, and are therefore exempt from review.

Committee/Commission Action: None

Rationale for Recommendation: The actions in the recommended Resolutions are required by the California Streets and Highways Code, which is codified as part 7 (beginning with section 36600) of division 18.

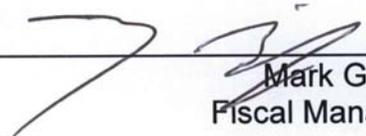

Financial Considerations: Financing will be provided by levy of assessments upon real property that benefits from improvements and activities. The PBID does not plan to issue bonds.

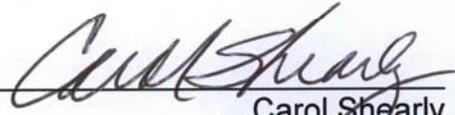

The PBID assessment budget for FY 2007/08 is \$210,000 (Details on Exhibit "B", page 11). The Del Paso Blvd. PBID will receive an approximate total of \$206,142. The remaining \$3,830 will be retained by the City to cover City administration cost.

Program	Budget	% of Total
Security and Maintenance Enhancement	\$ 130,500	62.0
Image Enhancement	\$35,000	17.0
Advocacy	\$34,000	16.0
Contingency / PBID Renewal	\$10,500	5.0
Total	\$ 210,000	100.0

Annual assessment rates are based on an allocation of program costs and a calculation of parcel square footage. The cost to the property owner is \$0.10 per parcel square foot in Zone 1 and \$0.035 per parcel square foot in Zone 2. Religious properties are assessed at a rate which is 50% of the full assessment in both Zone 1 and Zone 2. Auto wrecking properties are assessed at a rate which is 30% of the full assessment in both Zone 1 and Zone 2. Residential properties with 4 units or less are not assessed.

Emerging Small Business Development (ESBD): City Council approval of these proceedings is not affected by City policy related to the ESBD Program.

Attachment 1

BACKGROUND

The Del Paso Boulevard PBID was approved by City Council on May 24, 2005, in accordance with the Property and Business Improvement District Area Law of 1994, and became effective on January 1, 2006. The District provides funding for the Del Paso Boulevard PBID to provide the following services in the Del Paso Boulevard commercial corridor:

- Public Safety and Maintenance Perception
 - Clean and Safe Program
 - Integration with City Police
 - Maintenance Patrol

- Advocacy, Advertising and Economic Development

- Image Enhancement Program

The annual assessments are based upon allocation of program costs and a calculation per parcel square foot. The assessment rates proposed for FY 2007/08 will remain the same as the 2nd year of services, \$0.10 per parcel square foot in Zone 1 and \$0.035 per parcel square foot in Zone 2. Residential properties with 4 units or less will not be assessed.

The Del Paso Boulevard PBID Advisory Board has prepared the Annual Report, which is on file with the City Clerk. The report addresses the current and proposed budgets and services to be provided. The Management District's Advisory Board is recommending that services remain at the current level, and that the district itself remains unchanged.
