Description/Analysis

Issue: On February 23, 2003, the California School Employee's Association (CSEA) entered into a 3-year parking agreement with the City of Sacramento for nine monthly parking permits at Capitol Garage. The parking agreement expired February 23, 2007. These permits are for the employees of CSEA located at 1127 11th Street. To ensure parking is available for its employees, CSEA would like to enter into a new 5-year parking agreement with one 5-year option.

Policy Considerations: This parking agreement supports the City of Sacramento's Strategic Plan to expand economic development throughout the City.

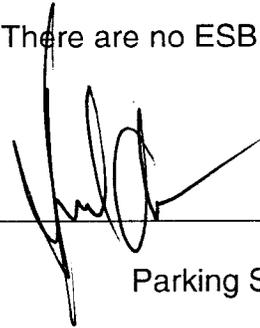

Environmental Considerations: This project is exempt from the California Environmental Quality Act (CEQA) under Section 15301, "Operation of existing public structures or facilities involving no expansion of use."

Rationale for Recommendation: The employees of CSEA need to have a convenient supply of long-term parking.

Financial Considerations: Permits issued under the parking agreement will be billed at 120% of the prevailing monthly parking rate. Based on current monthly parking fees, total revenue collected during the initial 5-year term of this agreement will be \$116,640.

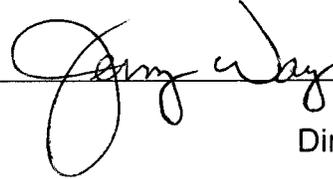

Emerging Small Business Development (ESBD): There are no ESBD considerations contemplated with the requested action.
