Background

The City of Sacramento's Recreation Division provides programs tailored to persons with disabilities through its Access Leisure section. One of these program components includes camping experiences for teens.

For the past three years, Camp WAMP Inc. has asked the Parks and Recreation Department's Access Leisure section to staff and manage a two-week summer wilderness camping program for teens with disabilities. Camp WAMP Inc. has asked the Access Leisure section to provide this service once again in the summer of 2007. Camp WAMP Inc. serves children regionally with an annual camping session consisting of two one-week camps. Approximately 16 teens will be served each week. Camp WAMP provides a genuine camping experience; campers do not attend Camp WAMP to be entertained by the staff. Campers come to experience and enjoy the outdoors in a rustic and challenging wilderness environment. By providing this camping experience, teens who may not be able to participate in more mainstream camp experiences will be able to participate in an activity that other teens routinely enjoy.

Teens will have use of the Contra Costa Youth Council's Camp Nejedly facility at Hawley Lake, located in Sierra County near the Plumas-Eureka State park. The nearest towns are Johnsville, Graeagle and Quincy. Staff will organize and operate all aspects of the camping program excluding the provision for transportation for all participants, staff and volunteers. Reimbursement for City labor and supply costs not to exceed \$62,774.77 are authorized under this agreement.
