CONSENT  
July 24, 2007

Honorable Mayor and  
Members of the City Council

**Title: Administrative Matter: Dixieanne Park Reimbursement/Credit Agreement (LU99)**

**Location/Council District:** 2415 Evergreen Street, Council District 2

**Recommendation:** Adopt a **Resolution:** 1) approving the Reimbursement/Credit Agreement with Signature Properties for Dixieanne Park Renovation (LU99); 2) appropriating \$311,340 from Park Development Impact Fee (PIF) Fund, Fund 791, Planning Area 8, to LU99; and 3) repealing Resolution No. 2007-369.

**Contact:** J. P. Tindell, Planning & Development Manager, 808-1955

**Presenters:** Not applicable

**Department:** Parks and Recreation

**Division:** Park Planning & Development Services

**Organization No:** 4727

### Description/Analysis

**Issue:** Adoption of the proposed Resolution adding the omitted language, moving Section 2 to Section G of Background, and repealing Resolution 2007-369 is necessary to correct the City's legislative record of this Council action.

**Policy Considerations:** Providing parks and recreation facilities is consistent with the City's strategic plan to enhance liveability in Sacramento's neighborhoods by expanding park and recreation facilities throughout the City

To improve efficiency and timeliness, while in accordance with City Park and Recreation Facility Design and Development Standards, the Department encourages developers to design and build "turn-key" parks to meet their parkland dedication and park impact fee obligations. This is part of the Park Development Process for park planning as stated in the *2005-2010 Parks and*

*Recreation Master Plan.*

Sacramento City Code 18.44.110 states the City Council may establish guidelines and procedures regarding credits and reimbursements of PIF.

**Committee/Commission Actions:** The Parks and Recreation Commission (PRC) reviewed the Dixieanne Park Master Plan on November 2, 2006, and supported it.

**Environmental Considerations:** The Development Services Department, Environmental Planning Services Division has reviewed this project and determined that it is exempt from the provisions of California Environmental Quality Act (CEQA) under Section number 15061(b)(3) which exempts projects such as the current application as an activity "covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment."

**Rationale for Recommendation:** The park development agreement will be a turn-key agreement using the Unconditional, Irrevocable Stand-By Letter of Credit. City Council's approval is needed to appropriate \$311,340 from PIF, Fund 791, Planning Area 8, to LU99.

On September 2, 2002 Council approved Resolution No. 2002-591 authorizing the City Manager to issue park development fee credits upon the provision of unconditional, irrevocable stand-by letters of credit. In order to appropriate funds, City Council approval is required.

**Financial Considerations:** The total budget for the rehabilitation of Dixieanne Park is \$1,022,571. The developer will provide a total of \$311,340 in PIF to design and renovate the park. There is additional City funding for this project from a State Housing and Redevelopment Agency's (SHRA's) Community Development Block Grant (\$350,000) and from Community Reinvestment Capital Improvement Program (CRCIP) funds (\$361,231). The City will also accept an Unconditional, Irrevocable Standby Letter of Credit in the amount of \$311,340 from Signature Properties as security to develop this park.

**Emerging Small Business Development (ESBD):** The selection of Landscape Architect consultants and contractors for this project will follow City of Sacramento established guidelines for inclusion on ESBD firms.

Signature Properties will be developing a single-family home subdivision; they propose to renovate the adjoining, existing park in conjunction with this development. Existing single-family residences face the park on one side, new single-family homes will face the park on a second side, existing industrial businesses face the park on the third side, and the remaining side has a 6' chain link fence separating the park from the existing industrial lots.

City staff revised the master plan for this existing park in conjunction with the developer, Signature Homes and their landscape architecture consultant. The park will be located next to a proposed single-family home subdivision. Two community workshops were held (June 10<sup>th</sup> and August 23<sup>rd</sup>) to review the master plan with the existing residents. The proposed master plan was also presented to the North Sacramento Redevelopment Area Committee (RAC) on August 17, 2006. The neighborhood and RAC reviewed and supported the proposed park master plan on November 2, 2006.

The Dixieanne Park Master Plan was designed as a youth and family-oriented park. The new master plan includes an open multi-purpose turf area, a children's playground, a group picnic area with shade structure, a half youth basketball court, a neighborhood skate park, full site landscaping with low maintenance plantings, large canopy shade trees, security lighting, and site furniture. The lighted baseball field and restroom will be removed.

Signature Properties will be renovating this park as a "turn-key" park. The park is expected to begin construction in fall 2007. The master plan and environmental documents were approved by City Council on January 9, 2007.

The total budget for this project is \$1,022,571. The developer will provide a total of \$311,340 in Park Impact Fees to design and renovate the park. There is additional City funding for this project from a SHRA Community Development Block Grant (\$350,000) and from CRCIP funds (\$361,231). The City will also accept an Unconditional, Irrevocable Standby Letter of Credit in the amount of \$311,340 from Signature Properties as security to develop this park. The developer shall complete the renovation of Dixieanne Park by no later than December 31, 2007 or within twelve months of the date the City approves the construction documents, whichever is later.

The developer shall maintain the park improvements at the developer's expense during the one year warranty period. Thereafter, the City shall be responsible for the park maintenance.
