AMENDED

RESOLUTION NO. 99-734

ADOPTED BY THE SACRAMENTO CITY COUNCIL

ON DATE OF DEC 14 1999

**A RESOLUTION OF SUPPORT
FOR THE CALIFORNIA STATE RAILROAD MUSEUM'S
PROPOSED STATE MUSEUM OF RAILROAD TECHNOLOGY (RTM)**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SACRAMENTO AS
FOLLOWS:**

1. The City of Sacramento supports the California State Railroad Museum (CSRM) request to the State of California Transportation Commission (CTC) for reallocation of \$5 million in Proposition 116 funds, previously allocated for development of the Museum of Railroad Technology on the 1920 Front Street site. The City supports CSRM's efforts to utilize the funds to develop the newly designated Railroad Technology Museum (RTM) in the Historic Central Shops Buildings located on the downtown Sacramento Union Pacific Railyards site.
2. The City of Sacramento supports the designation of the UP Railyards Historic Central Shops as the preferred location for the State Railroad Technology Museum, subject to further City review and environmental consideration of the overall Master Plan.
3. The Council directs the City Manager to coordinate with the CSRM on the design, layout, funding and public input process for the proposed RTM within the Historic Central Shops, and furthermore to determine potential inclusion of other City endorsed museum components, such as the Towle Automobile Museum, within the Historic Central Shops.
