Subject: Yes on the Railyards Project,

As a member of the Sacramento Builders' Exchange, I support the passage of the Railyards Project. The Railyards project has been sufficiently vetted and needs approval in time to apply for state infrastructure funds. I ask that you fully support this project and vote YES for more construction jobs for Sacramento companies. For more info on the Sacramento Builders' Exchange YES position, contact the SBE Governmental Affairs Coordinator Joshua Wood at (916) 442-8991.

Subject: Approve The Railyards

Mayor Fargo,

As a California Landscape Architect and as a resident of the City of Sacramento, I urge you to approve The Railyards Project.

I have watched the progression of the applicant's submittal (Thomas Enterprises) and observed the responses to comments brought forth during the special Joint Commission meetings and from the individual Commissioners feedback. I am impressed with the diligence of City Staff who have worked tirelessly to bring this vision for our City to a potential reality. The current plans, guidelines and proposals now being presented represent the best solution for this important and historic acreage within the City of Sacramento.

Thank you for your commitment to the continued quality of life in our city and for your time and consideration of this unique and important infill project called The Railyards. Please cast your voice, as Mayor of Sacramento, to Approve The Railyards Project at the City Council Meeting on November 20th.

Subject: Yes on the Railyards Project,

As a member of the Sacramento Builders' Exchange, I support the passage of the Railyards Project. I ask that you fully support this project and vote YES for more construction jobs for sacramento companies. This vote is an opportunity for the Council to show their support for our industry. The project has been sufficiently vetted and needs approval in time to apply for state infrastructure funds. For more info on the Sacramento Builders' Exchange YES position, contact the SBE Governmental Affairs Coordinator Joshua Wood at (916) 442-8991.
