

# PETITION AGAINST MERCY'S EXPANSION

## PETITION

I am opposed to any building projects that result in the further expansion of Mercy General Hospital. I believe that any further expansion of this campus would lead to a degradation of our quality of life because of increased traffic (causing decreased safety, increased congestion and noise), years of construction, and a commercialization of the neighborhood. I urge CHW to seriously consider alternative proposals that would entail locating these proposed facilities at a more appropriate geographic location.

3. _____	_____	_____	_____
4. _____	_____	_____	_____

**NOTE: Please leave entire sheet with ESPTF.**

ESPTF will send the petition above the dotted line to Council Member Cohn and keep the Volunteer Information below it for its records alone. If you volunteer to help out, an ESPTF representative will contact you either by e-mail or telephone to discuss your interests.

### ESPTF Contact and Volunteer Information

Name: \_\_\_\_\_ E-Mail: \_\_\_\_\_

I cannot volunteer at this time but keep me informed via my e-mail address

#### I volunteer to help ESPTF:

- Raise funds to help preserve East Sacramento.
- Review the Draft Environmental Impact Report.
- Meet with City Council Members, the Press, or other interested groups
- Create materials like fliers, lawn signs, window signs, etc
- Host a meeting in my home to discuss the project with neighbors, with the help of ESPTF if needed
- Call ESPTF supporters to alert them of pending, important events
- Distribute ESPTF fliers in the neighborhood
- I have the following special skills, expertise, facilities, etc that I am willing to use to help ESPTF (List on back of sheet if needed):

# PETITION AGAINST MERCY'S EXPANSION

Catholic Healthcare West (CHW) Corporation wants to "shoehorn" a massive new hospital building on the emergency room parking lot of Mercy General Hospital at 39<sup>th</sup> Street & J Streets. CHW is proposing to expand into the Sacred Heart School space, move the school, and demolish residences in that process. ESPTF is a grassroots neighborhood organization representing more than 1600 East Sacramento residents who have declared their opposition to CHW's out of scale development by signing the Petition below. We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too.

Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.

You may indicate what specific issues concern you most:

- Increased traffic congestion
- Ever increasing parking needs with hospital expansion of services
- Direct impact on residences, erosion of quality of environment
- Negative impact on the 300 Sacred Heart Elementary School children
- Increased commercial encroachment, associated with the hospital
- Years of disruptive construction
- Noise & air pollution

\_\_\_ PLEASE CONTACT ME TO ACTIVELY ASSIST in working on this community concern.

We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too.

Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.

## PETITION

I am opposed to any building projects that result in the further expansion of Mercy General Hospital. I believe that any further expansion of this campus would lead to a degradation of our quality of life because of increased traffic (causing decreased safety, increased congestion and noise), years of construction, and a commercialization of the neighborhood. I urge CHW to seriously consider alternative proposals that would entail locating these proposed facilities at a more appropriate geographic location.

# PETITION AGAINST MERCY'S EXPANSION

Catholic Healthcare West (CHW) Corporation wants to "shoehorn" a massive new hospital building on the emergency room parking lot of Mercy General Hospital at 39<sup>th</sup> Street & J Streets. CHW is proposing to expand into the Sacred Heart School space, move the school, and demolish residences in that process.

ESPTF is a grassroots neighborhood organization representing more than 1600 East Sacramento residents who have declared their opposition to CHW's out of scale development by signing the Petition below. We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too.

**Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.**

You may indicate what specific issues concern you most:

- Increased traffic congestion
- Ever increasing parking needs with hospital expansion of services
- Direct impact on residences, erosion of quality of environment
- Negative impact on the 300 Sacred Heart Elementary School children
- Increased commercial encroachment, associated with the hospital
- Years of disruptive construction
- Noise & air pollution

PLEASE CONTACT ME TO ACTIVELY ASSIST in working on this community concern.

# PETITION AGAINST MERCY'S EXPANSION

## PETITION

I am opposed to any building projects that result in the further expansion of Mercy General Hospital. I believe that any further expansion of this campus would lead to a degradation of our quality of life because of increased traffic (causing decreased safety, increased congestion and noise), years of construction, and a commercialization of the neighborhood. I urge CHW to seriously consider alternative proposals that would entail locating these proposed facilities at a more appropriate geographic location.

Signature	Printed Name	Home Address/Zip	Phone #

2. _____	_____	_____	_____
3. _____	_____	_____	_____
4. _____	_____	_____	_____

**NOTE: Please leave entire sheet with ESPTF.**

ESPTF will send the petition above the dotted line to Council Member Cohn and keep the Volunteer Information below it for its records alone. If you volunteer to help out, an ESPTF representative will contact you either by e-mail or telephone to discuss your interests.

### ESPTF Contact and Volunteer Information

Name: \_\_\_\_\_ E-Mail: \_\_\_\_\_

I cannot volunteer at this time but keep me informed via my e-mail address

#### I volunteer to help ESPTF:

- Raise funds to help preserve East Sacramento.
- Review the Draft Environmental Impact Report
- Meet with City Council Members, the Press, or other interested groups
- Create materials like fliers, lawn signs, window signs, etc.
- Host a meeting in my home to discuss the project with neighbors, with the help of ESPTF if needed
- Call ESPTF supporters to alert them of pending, important events
- Distribute ESPTF fliers in the neighborhood
- I have the following special skills, expertise, facilities, etc. that I am willing to use to help ESPTF (List on back of sheet if needed):

# PETITION AGAINST MERCY'S EXPANSION

Catholic Healthcare West (CHW) Corporation wants to "shoehorn" a massive new hospital building on the emergency room parking lot of Mercy General Hospital at 39<sup>th</sup> Street & J Streets. CHW is proposing to expand into the Sacred Heart School space, move the school, and demolish residences in that process.

ESPTF is a grassroots neighborhood organization representing more than 1600 East Sacramento residents who have declared their opposition to CHW's out of scale development by signing the Petition below. We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too.

Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.

You may indicate what specific issues concern you most:

- Increased traffic congestion
- Ever increasing parking needs with hospital expansion of services
- Direct impact on residences, erosion of quality of environment
- Negative impact on the 300 Sacred Heart Elementary School children
- Increased commercial encroachment, associated with the hospital
- Years of disruptive construction
- Noise & air pollution

\_\_\_\_ PLEASE CONTACT ME TO ACTIVELY ASSIST in working on this community concern.

# PETITION AGAINST MERCY'S EXPANSION

Catholic Healthcare West (CHW) Corporation wants to "shoehorn" a massive new hospital building on the emergency room parking lot of Mercy General Hospital at 39<sup>th</sup> Street & J Streets. CHW is proposing to expand into the Sacred Heart School space, move the school, and demolish residences in that process. ESPTF is a grassroots neighborhood organization representing more than 1600 East Sacramento residents who have declared their opposition to CHW's out of scale development by signing the Petition below. We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too.

Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.

## PETITION

I am opposed to any building projects that result in the further expansion of Mercy General Hospital. I believe that any further expansion of this campus would lead to a degradation of our quality of life because of increased traffic (causing decreased safety, increased congestion and noise), years of construction, and a commercialization of the neighborhood. I urge CHW to seriously consider alternative proposals that would entail locating these proposed facilities at a more appropriate geographic location.

# PETITION AGAINST MERCY'S EXPANSION

Catholic Healthcare West (CHW) Corporation wants to "shoehorn" a massive new hospital building on the emergency room parking lot of Mercy General Hospital at 39<sup>th</sup> Street & J Streets. CHW is proposing to expand into the Sacred Heart School space, move the school, and demolish residences in that process.

ESPTF is a grassroots neighborhood organization representing more than 1600 East Sacramento residents who have declared their opposition to CHW's out of scale development by signing the Petition below. We will present the Petition to the Sacramento City Council. If you want to declare your opposition to CHW's expansion plans, join us by signing the Petition below. Ask your neighbors to sign it too

**Please return the signed Petition to ESPTF by mail to the address below or by FAX to 916-446-7412.**

## PETITION

I am opposed to any building projects that result in the further expansion of Mercy General Hospital. I believe that any further expansion of this campus would lead to a degradation of our quality of life because of increased traffic (causing decreased safety, increased congestion and noise), years of construction, and a commercialization of the neighborhood. I urge CHW to seriously consider alternative proposals that would entail locating these proposed facilities at a more appropriate geographic location.

You may indicate what specific issues concern you most:

- Increased traffic congestion *Can't get through 39th St. Now!*
- Ever increasing parking needs with hospital expansion of services
- Direct impact on residences, erosion of quality of environment
- Negative impact on the 300 Sacred Heart Elementary School children
- Increased commercial encroachment, associated with the hospital
- Years of disruptive construction
- Noise & air pollution *It won't be long and all the hospitals will connect!*

PLEASE CONTACT ME TO ACTIVELY ASSIST in working on this community concern.
