Description/Analysis

Issue: The Redevelopment Agency (Agency) is interested in purchasing a vacant parcel that is listed for sale and located on 21st Avenue in the Franklin Boulevard Redevelopment Area. This is the first step in a series of efforts to develop the block bounded by 21st Avenue to the north, Franklin Boulevard to the east, 22nd Avenue to the south, and 32nd Street to the west (see Attachment 2 – Location Map) and to eliminate blight with the redevelopment of this integral corner of Franklin Boulevard. The vision for the future development of this block is based on the Franklin Boulevard Urban Design Master Plan which has identified it as a location for a cultural plaza while simultaneously serving as a gateway into Franklin Boulevard and Oak Park.

Policy Considerations: The proposed action is in furtherance of the Franklin Boulevard Redevelopment Plan adopted by the Sacramento City Council, and is consistent with the Franklin Boulevard 2005-2009 Implementation Plan goal of eliminating and preventing the further spread of blight through rehabilitation of

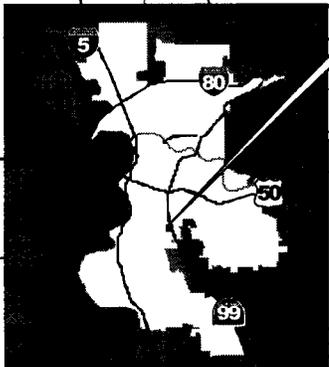

Background – Acquisition of 3150 21st Avenue

The Franklin Boulevard Urban Design Master Plan (UDP) identifies the area at 21st and Franklin Boulevard as part of the Phillips Neighborhood. The Phillips Neighborhood begins at 12th Avenue/Sutterville Road and extends south to 26th Avenue. The businesses on this section of the corridor have been identified as a “village center” for commercial uses that would serve the Phillips Neighborhood. The UDP recommends that the village center be located between 20th Avenue and 26th Avenue with a pedestrian-oriented street environment, buildings scaled to the pedestrian and located close to Franklin Boulevard to create a village atmosphere.

Franklin Boulevard and 21st Avenue has been identified in the UDP as a main connector to Oak Park and a proposed site for a cultural plaza. The plaza will provide an open space that can be used for community celebrations, a farmers market, and other public events. The Agency is interested in helping the community realize this vision to include all property located in this block (Franklin Blvd. at 21st Ave., south to 22nd Avenue and East to 32nd Street) (see Attachment 2 – Location Map). While acquiring all properties may not be feasible, the Agency strongly recommends the development of this plaza as this intersection also connects with the Oak Park Redevelopment Area and future streetscape improvements that will take place on Martin Luther King Jr. Boulevard. The cultural plaza will reflect the hispanic architecture, and provide businesses, and residents with much needed open space in the heart of the Franklin Boulevard commercial corridor.

The property located at 3150 21st Avenue is currently listed for sale to the public. Agency acquisition of this property would be the first step in realizing the vision of the Franklin Boulevard and 21st Avenue cultural plaza.

Once the scope of development of the property has been defined, environmental review of the proposed project will be conducted. Therefore, this action is exempt from environmental review. The National Environmental Policy Act "NEPA") does not apply.
