Location/Council District: City and County of Sacramento

Organization No: 2166

Description/Analysis

Issue: In 2006, the California Office of Traffic Safety (OTS) funded a pilot Intervention program in an attempt to more effectively address the ongoing tragedy of Driving Under the Influence (DUI). This program provides alcohol treatment and intervention through Certified Alcohol Counselors during a potential "teachable moment" for repeat DUI offenders prior to their release from the County Jail. Consequently, the Sacramento Police Department, in collaboration with Mercy San Juan Mercy Hospital, UC Davis Medical School and the Sacramento County Sheriff's Department are beginning to implement DUI interventions at the County Jail for repeat DUI offenders. These interventions are conducted by a Licensed Clinical Social Worker through a contract with UC Davis, Department of Psychiatry. This council report requests approval to extend this current agreement, which is grant funded, through July 31, 2009.

Policy Considerations: In 2006, the City Council approved the implementation of this pilot DUI grant program through City resolution number 2006-652, dated August 29, 2006. In June 2007, City agreement number 2007-0645 was signed between the Sacramento Police and County Sheriff Departments to implement the various components of the intervention program at the County Jail.

Environmental Considerations: This recommendation does not constitute a "project" and is therefore exempt from the California Environmental Quality Act according to CEQA guidelines Section 15061 (b)(1) and 15378(b)(3).

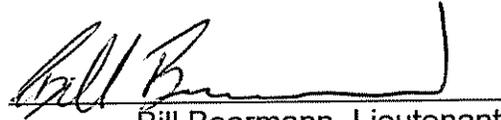

Rationale for Recommendation: In May 2007, the Sacramento Police Department entered into City Agreement Number 2007-0464 for a Licensed Clinical Social Worker to provide DUI intervention counseling services at the Sacramento County Jail. This current contract will expire at the end of the calendar year. Programmatic funding, due primarily to the rollover of unspent funds, is available to continue this agreement through July 31, 2009. Per City Council Resolution number 2006-652, dated August 29, 2006, the term of the DUI Intervention program can be extended if the California Office of Traffic Safety provides renewal of program funding. Because of the initial delay in obtaining project implementation approval from the pilot study's institutional review board, which provides the study with national credibility and recognition as having met the appropriate clinical study protocols and procedures, carryover funding is available to extend the pilot study.

Financial Considerations: In 2006, the Office of Traffic Safety awarded the Sacramento Police Department funding to implement an innovative pilot DUI Brief Intervention Program for repeat DUI offenders. Consequently, in 2007 the Police Department contracted with UC Davis, Department of Psychiatry, for healthcare provider services. This agreement, which is entirely grant-funded, will be extended through an amendment, and the grant program period will be extended to July 31, 2009. The grant program period will be extended through the rollover of unspent grant funds. The grant program has no matching fund requirements.

Emerging Small Business Development (ESBD):

Purchase of supplies and equipment will be made in accordance with the City's Emerging and Small Business Development (E/SBD) program requirements whenever possible.

Respectfully Submitted by:

Bill Beermann, Lieutenant

Albert Nájera, Chief of Police

Background

Of the thirteen largest metropolitan cities in California, the City of Sacramento has consistently had the highest rate of fatal and injury traffic collisions based on population and average number of vehicle miles driven. Alcohol-related collisions, in particular, continue to be tragic. In January 2005, the Sacramento Police Department, in collaboration with San Juan Mercy Hospital, sponsored a California Office of Traffic Safety proposal to implement a pilot DUI Intervention program for repeat DUI offenders. The goal of this program is to provide alcohol treatment and intervention through certified alcohol counselors during a potential "teachable moment" prior to their release from the County Jail. The participation in this program is voluntary.

In 2006, the City Council approved the implementation of the OTS grant-funded DUI pilot intervention program, and the Sacramento County Board of Supervisors approved a resolution, supported by the Sacramento Criminal Justice Cabinet, authorizing the implementation the project at the County Jail. Last year, the Office of Traffic Safety awarded the City of Sacramento \$500,000 in grant funding to implement this program. This program is revenue neutral to the City of Sacramento. No grant matching funds are required.

The rationale for this pilot program is to determine the effectiveness of offering repeat DUI offender's immediate DUI counseling and intervention. Prior to their release from the County Jail, repeat DUI offenders will be offered intake assessment with Certified Alcohol Counselors to evaluate their drinking and driving behavior. Based on the intake assessment results, follow-up intervention programs will be recommended and initiated. The Brief DUI Intervention Pilot Program will be used as a test case in Sacramento County to evaluate the impact from providing early DUI intervention and counseling. If this program is successful in reducing the recidivism of repeat DUI drivers, result findings can be used to substantiate and justify program duplication.

In May 2007, the Sacramento Police Department entered into a contract for a Licensed Clinical Social Worker to provide DUI intervention counseling services at the Sacramento County Jail. This current contract will expire at the end of the calendar year. Programmatic funding, due primarily to the rollover of unspent funds, is available to continue this agreement through July 31, 2009. Per City Council resolution number 2006-652, dated August 29, 2006, the term of the DUI Intervention program can be extended if the California Office of Traffic Safety provides renewal of program funding. Because of the initial delay in obtaining project implementation approval from the pilot study's institutional review board, which provides the study with national credibility and recognition as having met the appropriate clinical study protocols and procedures, carryover funding is available to extend the pilot study.

The term of the DUI Intervention Pilot program will be extended until July 31, 2009, and will expire at that time unless additional program funding is obtained from State or local government, or private business or non-profit sources; or the California Office of Traffic Safety provides renewal of program funding.

- D. In August 2006, through City Council Resolution Number 2006-652, the City Council authorized the implementation of the grant-funded DUI Brief Intervention Program. By that resolution, the program was set to expire on December 31, 2007.
- E. In June 2007, City agreement Number 2007-0645 was signed between the Sacramento Police Department and County Sheriff's Department to implement the various components of the DUI Brief Intervention Program at the Sacramento County Jail.

Former State Employees (PCC 10411)

- a.
