Honorable Mayor and
Members of the City Council

Subject: Meister Way Right-of-Way Acquisition and Funding Agreement

Location/Council District: Meister Way is located within the North Natomas Finance Plan area in Council District 1 and Neighborhood Services Area 4 (see Exhibit "B" to the Resolution, page 9).

Recommendation:

This report recommends the City Council approve the attached resolution authorizing: 1) The City Manager to execute a three (3) party agreement between KB Home North Bay Inc. (KB Home), North Natomas 575 Investors LLC (Greenbriar) and the City of Sacramento for Acquisition and Funding of Real Property in Fee as described in Exhibit A and A-1 of the attached resolution; 2) The creation of a Capital Improvement Project, "Meister Way Over-crossing" (PN:TF86); and 3) The appropriation of \$828,500 in support of the acquisition.

Summary:

This report addresses an agreement to purchase real property for right-of-way (ROW) required for the future construction of the Meister Way over-crossing of State Route (SR) 99. Meister Way is a proposed roadway which will connect North Natomas and Greenbriar project, which is currently in the County of Sacramento. The site, shown on

Exhibit "B", is located on the southern boundary of the Hamptons Village 3 final subdivision map. The purchase price for the 2.745 acre property is \$600,000 per acre. The total purchase price of one million six hundred forty seven thousand dollars (\$1,647,000) has been negotiated with KB Home. The agreement also includes provisions in which the funding of the property will be split evenly between Greenbriar and the City of Sacramento.

Committee/Commission Action:

None.

Background Information:

The Meister Way over-crossing of SR 99 is a transportation mitigation measure identified in the Metro Air Park environmental impact report (EIR) and is also listed as a project in the 1995 cooperative agreement between the City and the State of California, Department of Transportation (Cal Trans), City Agreement 95-217. In May 2005, Greenbriar submitted a formal development application to the Development Services Department. Their plan includes the Meister Way connection and is a significant element of the project's transportation network.

In October 2004, the City placed a condition on KB Home final subdivision maps for the Hamptons residential development, Villages 1, 2, and 3 that read: "The Applicant shall negotiate in good faith with the City of Sacramento for an agreement for the acquisition by the City of all land necessary to supply a 56 foot right-of-way needed for the construction of the future over-crossing of Meister Way."

Financial Considerations:

There is no impact to the General Fund. The North Natomas Financing Plan Public Facilities Fee (Fund 780) will fund one-half of the total cost for the acquisition of \$1,647,000. The balance of \$823,500 will be paid by Greenbriar. Staff recommends the appropriation of the City's share of \$823,500 and \$5,000 for processing costs. The transaction associated with this \$828,500 appropriation is a transfer in this amount from the fund balance of the Facilities Fees Fund (780-710-7012-4999) to the project (780-500-TF86-4820). There are sufficient resources in Fund 780 to fund the City's share of the property acquisition.

Environmental Considerations:

The Environmental Services Manager has determined that the proposed project is exempt from environmental review pursuant to Section 15301(c) of the CEQA Guidelines.

Policy Considerations:

Approval is consistent with the City's Strategic Plan goals to enhance and preserve the neighborhoods and improve and diversify the transportation system.

Emerging Small Business Development (ESBD):

No goods or services are being purchased as part of this action.

Respectfully submitted by: *Edward H. Williams*
