**Do you want  
traffic calming measures  
in your neighborhood?**

You have the opportunity to vote on a traffic calming plan for your neighborhood. This vote is to determine if the measures recommended by the Traffic Calming Committee (TCC), which consists of residents from your neighborhood, will be implemented.

The TCC assisted city staff in developing the plan. Various measures were reviewed and agreed upon by the TCC.

**Your Vote Counts!**

Every address (residence and business) within your neighborhood has received this notice and ballot. Now is your opportunity to vote for or against the proposed traffic calming measures.

You and your neighbors will decide whether or not the traffic calming measures will be implemented in your neighborhood.

If enough votes are in favor, the plan will be presented to City Council for review, final approval and funding. In order to pass, a minimum of 25% of all ballots must be returned with a simple majority in favor of the plan.
