Summary:

On March 14, 2006 the City Council heard and approved the ParkeBridge project. During the hearing two conditions were added to the proposed Development Agreement between the City and ParkeBridge, LLC, related to flood insurance and Neighborhood Traffic Management Plan funding. Because these two conditions were added during the hearing, the Council was not able to adopt the Ordinance approving the Development Agreement. On March 21, 2006 the Council approved the revised Development Agreement, but the Agenda and the Ordinance erroneously described the Development Agreement as being between the City of Sacramento and Griffin Industries. An Ordinance to correct this error is now before the Council for approval.

Committee/Commission Action:

On February 9, 2006, the Planning Commission unanimously approved (eight ayes and zero noes) the ParkeBridge project and forwarded a recommendation of approval to the City Council for the Development Agreement, General Plan Amendment, Community Plan Amendment, Rezone and PUD Establishment, including Guidelines and Schematic Plan. At the same meeting, the Planning Commission approved the Environmental Impact Report, Mitigation Monitoring Plan, Tentative Map, Subdivision Modifications and Special Permits for the project. On March 14, 2006, the City Council approved the General Plan Amendment, Community Plan Amendment, Rezone and PUD Establishment, including Guidelines and Schematic Plan for the ParkeBridge proposal and made an intent motion to approve the Development Agreement with amendments. On March 21, the City Council approved the Development Agreement.

Background Information:

On March 14, 2006 the City Council approved the necessary entitlements to allow the development of 113.3± acres into 389 single-family units, 142 condominium units, two park lots, four neighborhood pocket park lots, two open space lots, four landscape corridor lots, two landscape parkway lots, and one open space pedestrian connection.

During the March 14, 2006 hearing, two conditions were added to the proposed Development Agreement, related to flood insurance and Neighborhood Traffic Management Plan funding. Because these two conditions were added during the hearing the Council was not able to adopt the Ordinance approving the Development Agreement. On March 21, 2006 the Council approved the revised Development Agreement, but the Agenda and the Ordinance erroneously described the Development Agreement as being between the City of Sacramento and Griffin Industries, instead of ParkeBridge, LLC. An Ordinance to correct this error is now before the Council for approval.

Financial Considerations:

This project has no fiscal considerations.

Environmental Considerations:

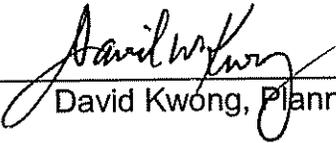

On March 14, 2006 the City Council certified the Environmental Impact Report for the ParkeBridge project.

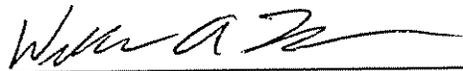

Policy Considerations:

At the March 14, 2006 City Council hearing, the Council found the ParkeBridge project to be consistent with the City's General Plan, the South Natomas Community Plan, the City's adopted Smart Growth Principles and the City of Sacramento Strategic Plan.

Emerging Small Business Development (ESBD):

No goods or services are being purchased under this report.
