8. LR10-008 Update on Public Notice Procedures	Peter Anderson	District 3	Oppose	First I would like to thank the Planning Commission for all its work on Public Notice. I urge you to reject staff report until item 2. "Consider notification to tenants as well as land owners." and item 7. "Include a list of who was noticed as an attachment to each staff report." Of the Planning Commissions list of suggestions are adopted. The Ben-Ali Community Association had many issues with Public Notice provided by the city with the recent rezoning efforts of the City of Sacramento.	11/17/2010
