Recommendation Approved:

JOY PATTERSON
Principal Planner

PROPOSED WORK PROGRAM FOR TELECOMMUNICATIONS FACILITIES

1. Research what other jurisdictions are doing in terms of regulations, guidelines design, and location requirements. **Target Completion date: Early July**
2. Contact all industry representatives and request a data base and/or map of all existing facilities. **Target Completion date: Early July**
 - a. Compile Data Base of all carriers.
 - b. Map all facilities.
 - c. Have industry representatives identify all sites no longer in use.
3. Contact City's RF Engineer for Information/Education. **Target Completion date: Early May**
4. Coordinate with industry representatives to put on a joint presentation for the Planning Commission discussing how locations are selected, current and future technology specifically related to antennas. **Target Completion date: August PC hearing**
5. Follow up meeting with Planning Commission to report back on all information and for further direction. **Target Completion date: September PC hearing**
