To Whom it May Concern:

My name is Courtney Sheats and I am the Sacramento Community Liaison for Americans for Safe Access. I am reaching out to assist with any questions you may have regarding El Camino Wellness Collective operating within the city of Sacramento. Thank you for the time city staff has invested in this permitting process.

Having just celebrated their 3 year anniversary, El Camino Wellness Collective has a long-standing reputation for making neighborhood beautification and clean up and reducing criminal activity a top priority. El Camino Wellness takes security for it's members and staff more seriously than many businesses using a team of well-presented guards and a monitoring system to oversee it's building, parking lot and surrounding areas. Staff's attention to graffiti abatement and trash removal has assisted in benefiting it's neighbors and neighboring businesses and served to deter future types of acts. El Camino Wellness works in alliance with it's community, follows above-standard good neighbor policies and is an asset for this community and the patients they serve.

As the city of Sacramento moves through it's process to permit Cannabis collectives, please feel free to reach out with any further questions or concerns you may have about dispensaries. You may reach out to me directly at (916) 588-8672.

Thank you for your time,

Courtney Sheats
