Revised Material

Contact Information: Robert W. Williams, 916-808-7686

Project Name: AAA Recycling Services

Subject: Revised Report Information

- ✓ The Building design and signage section of the report is completely revised as follows:

Building design and signage

The existing main building is large single story industrial warehouse building of approximately 50,000 square feet. No exterior modifications or site improvements are proposed as a part of this project. All new exterior signage is required to meet the sign code and must obtain a sign permit.
