

REPORT TO PLANNING AND DESIGN COMMISSION City of Sacramento

4

915 I Street, Sacramento, CA 95814-2671

[PUBLIC HEARING](#)
[December 13, 2012](#)

To: Members of the Planning and Design Commission

Subject: South Rezone (P12-037)

A request to rezone approximately .08 acres from Residential Office (RO) to Residential Mixed Use (RMX) to re-establish ground floor commercial uses in an existing two-story building in the Southside Historic District.

- A. Environmental Determination: Exempt (CEQA Guidelines Section 15301);
- B. Rezone of .08 acres from the Residential Office (RO) to Residential Mixed Use (RMX).

Location/Council District:

1915 6th Street, Sacramento, CA 95811
Assessor's Parcel Number 009-0062-001
Council District 4

Recommendation: Staff recommends the Commission forward to City Council a recommendation of approval for items A and B based on the findings of fact listed in Attachment 1. **At the time of writing this staff report, there were no outstanding issues regarding the project.**

Contact: Evan Compton, Associate Planner, 916-808-5260 and Stacia Cosgrove, Senior Planner, 916-808-7110.

Applicant: Kari Bryski, Consultant, 3979 Woodpointe Circle, Sacramento, CA 95821

Owner: N'Gina and Ian Kavookjian, Eight American Bistro, 8191 Canyon Oak Drive, Citrus Heights, CA, 95610.

**P12-037
Vicinity Map
1915 6th Street**

E. Compton (December 13, 2012)

Summary: The site is currently developed with a building that has a ground floor commercial space and a second floor dwelling unit. The applicant is requesting to complete tenant improvements to allow a commercial catering and event business, diner area with 24 seats, and a small retail area with kitchen-related products. The second floor dwelling unit will also be renovated to allow the property owner to live and work at the site.

At the time of writing the report, there were no outstanding issues or concerns regarding the project. **The project is considered to be non-controversial.**

Table 1: Project Information
General Plan designation: Traditional Neighborhood Medium Density
Existing zoning: Residential Office (RO)
Proposed zoning: Residential Mixed Use (RMX)
Existing use of site: Vacant commercial ground floor with dwelling unit on second floor
Property area: .08 ± acres

Background and Entitlement History: The structure was originally constructed in 1917 according to the Sacramento Tax Assessor records. A one story addition was constructed at the rear of the 41 by 40 foot building in 1921. A building permit was also issued in 1941 to reframe and remodel the front of the building. The current project proposal was formally submitted on September 17, 2012.

Public/Neighborhood Outreach and Comments: Staff notified the Capitol Area R Street Association (CARSA) and Southside Park Neighborhood Association. Property owners within 500 feet of the subject property were notified of the public hearing and the site was posted with a public hearing notice.

On October 29, 2012 the Southside Park Neighborhood Association submitted a letter of support for the project. (See Attachment 8)

No other comments have been received at the time of writing this report.

Environmental Considerations: The Environmental Services Manager has determined the project is exempt from environmental review pursuant to the California Environmental Quality Act (CEQA) Guidelines (Section 15301). Section 15301 consists of repairing an existing structure with negligible or no expansion of use.

Adjacent Properties

The property to the west is zoned Residential Office and developed with a halfplex. The property to the north and east are zoned Residential Office and developed with

duplexes. The parcel to the south is zoned Multifamily (R-3A) and developed with a vacant commercial building.

Policy Considerations:

General Plan: The subject site is designated Traditional Neighborhood Medium Density Residential on the General Plan Land Use and Urban Form Diagram. The proposal is consistent with the following General Plan policies:

1. *Neighborhood Amenities. The City shall encourage appropriately scaled community-supportive facilities and services within all neighborhoods to enhance neighborhood identity and provide convenient access within walking and biking distance of city residents. (LU 4.1.2)* Staff finds the project proposal will re-establish a neighborhood serving, commercial use on the ground floor.
2. *Existing Structure Reuse. The City shall encourage the retention of existing structures and promote their adaptive reuse and renovation with green building technologies to retain the structures' embodied energy, increase energy efficiency, make it more energy efficient, and limit the generation of waste. (LU 2.6.4)* Staff finds the proposal rehabilitates an existing building with deferred maintenance and incorporates energy efficiency measures, where feasible, for the interior renovation.
3. *Traditional Neighborhood Protection. The City shall protect the pattern and character of Sacramento's unique traditional neighborhoods, including the street-grid pattern, architectural styles, tree canopy, and access to public transit, neighborhood services and amenities. (LU 4.3.1)* Staff finds that the proposal is consistent with the traditional neighborhood characteristics.

Traditional Neighborhood (Page 2-46): Traditional neighborhoods and the characteristics associated with them are highly desirable and expected to be highly sought after in the future. Many existing traditional neighborhoods are well-established and generally well-preserved; thus, changes to these areas will be relatively modest. Changes proposed in these traditional neighborhoods will focus on preserving and restoring the quality of such areas by protecting and enhancing features such as scale and quality of housing, neighborhood character, and housing choice. It should be noted that Traditional Neighborhoods contain a wide diversity of development and thus some houses and buildings fall outside the allowed development standards. The City expects to retain this diversity. The Traditional Neighborhood Medium Density Residential provides for single family homes, duplexes, second units, and multifamily dwellings, limited neighborhood serving commercial on lots two acres or less, and compatible public, quasi-public, and special uses.

Zoning Code

The project proposes the rehabilitation of a mixed use building in what is currently the Residential Office (RO) zone. The RO zone, however, does not allow a ground floor retail or restaurant use. Although the site has historically been used as a tofu and

noodle factory, warehouse, retail, and bakery, these uses have been discontinued and the nonconforming status no longer applies. Therefore the new tenant would be required to meet the RO zone requirements. The RO zone is restrictive and primarily allows residential and office uses only.

Staff supports the rezone of this parcel to Residential Mixed Use (RMX) for the following reasons: a) the RMX zone is consistent with the General Plan Designation of Traditional Neighborhood Medium Density; b) allows for the re-establishment of a neighborhood serving ground floor commercial use; and c) encourages the rehabilitation of an existing building in a historic district.

Height, Bulk and Setbacks

The project is not proposing any changes to lot coverage, setback, or height and it does not require the approval of any entitlements to deviate from the applicable development standards.

Exterior Improvements:

The site is located in the Southside Historic District and all exterior work is subject to Preservation review and approval. The scope of work includes modifying the storefront entry to recess the entrance door, replacing the tile on the storefront façade, and painting a 40 square foot sign on the alley facing façade. The Preservation review for the exterior work will be completed at staff level at a later date.

Traffic Circulation and Parking

The subject site is located on the east side of 6th Street and north of Solons Alley. Along the 6th Street frontage, the building has two pedestrian doors. One door accesses the commercial ground floor area and the other door is the main entrance to the residential unit on the second floor.

On the alley facing façade, there is a pedestrian door accessing Utilities and storage on the alley. There are also two roll up doors that provide room for trash enclosures and a single car garage. No onsite parking is required for the residential dwelling unit because the parcel is less than 3,200 square feet and located in the Central City. Per the adopted parking standards revisions, effective December 30, 2012, the ground floor commercial does not require any onsite parking because the site is less than 6,400 square feet. The city code requires the project to have a minimum of two bicycle parking facilities for short-term users and two bicycle parking facilities for long-term users. Staff will verify this code requirement is satisfied during the plan check process.

Conclusion:

Staff recommends approval of the project since the proposal: a) is consistent with the 2030 General Plan designation of Traditional Neighborhood Medium Density, the Central City Community Plan, and the proposed Residential Mixed Use (RMX) zoning;

b) allows for the re-establishment of a neighborhood serving ground floor commercial use; and c) encourages the rehabilitation of an existing building in a historic district.

Attachment 1
Project Recommendation to City Council

**City Planning and Design Commission Record of Decision
Recommended Findings of Fact and Conditions of Approval
South Rezone at 1915 6th Street (P12-037)**

- A. The Planning and Design Commission has reviewed and considered the Environmental Planning Services Division's determination of **Exempt** as set forth in Attachment 2.
- B. The Planning and Design Commission recommends approval and forwards to the City Council the **Rezoning** for the Project as set forth in Attachment 3.

RESOLUTION NO. 2013-

Adopted by the Sacramento City Council

DETERMINING PROJECT EXEMPT FROM REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (P12-037)

BACKGROUND

A. On December 13, 2012 the City Planning and Design Commission conducted a public hearing on, and forwarded to the City Council a recommendation to approve the South Rezone Project.

B. On January __, 2013, the City Council conducted a public hearing, for which notice was given pursuant Sacramento City Code Section 17.200.010(C)(1) and (2) (a, b, and c) (publication, posting, and mail 500'), and received and considered evidence concerning the South Rezone Project.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. Based on the determination and recommendation of the City's Environmental Planning Services Manager and the oral and documentary evidence received at the hearing on the Project, the City Council finds that the Project is exempt from review under Section 15301, Existing Facilities, of the California Environmental Quality Act Guidelines as follows:

The project consists of the rezone of a parcel to allow the re-establishment of land uses in an existing building that previously contained one residential unit on the second floor and a commercial use on the ground floor.

Rezone – DRAFT City Council

ORDINANCE NO.

Adopted by the Sacramento City Council

**AMENDING TITLE 17 OF THE SACRAMENTO CITY CODE (THE ZONING CODE) BY REZONING CERTAIN REAL PROPERTY FROM RESIDENTIAL OFFICE (RO) TO RESIDENTIAL MIXED USE (RMX)
1915 6TH STREET (P12-037)
(APN: 009-0062-001), COUNCIL DISTRICT 4**

BE IT ENACTED BY THE COUNCIL OF THE CITY OF SACRAMENTO THAT:

SECTION 1

Title 17 of the Sacramento City Code (the Zoning Code) is amended by rezoning the property shown in the attached Exhibit A, generally described, known and referred to as 1915 6th Street (APN: 009-0062-001) and consisting of .08± acres, from Residential Office (RO) to Residential Mixed Use (RMX).

SECTION 2

The rezoning of the property shown in the attached Exhibit A, by the adoption of this Ordinance, will be considered to be in compliance with the requirements for the rezoning of property described in the Comprehensive Zoning Ordinance, Title 17 of the City Code, as amended, as those procedures have been affected by recent court decisions.

SECTION 3

The City Clerk of the City of Sacramento is hereby directed to amend the official zoning maps, which are part of said Ordinance to conform to the provisions of this Ordinance.

GENERAL NOTES

1. ALL EXISTING WORK TO BE REMOVED OR RECONSTRUCTED SHALL BE DONE IN ACCORDANCE WITH THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS AND THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS.
2. WHERE ANY PLUMBING, MECHANICAL, OR ELECTRICAL UTILITIES CORROSION, SPILLS, DAMAGE, ETC., HAVE BEEN REMOVED, FUSE AND CAP ABOVE CEILING AS NECESSARY TO COMPLETE WITH THE EXISTING, TO MEET ALL CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS AND THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS.
3. CONTRACTOR TO VERIFY AND REPAIR ALL DAMAGED PORTIONS OF THE BUILDING TO MATCH NEW OR EXISTING WORK AT NO ADDITIONAL COST TO OWNER.
4. THE DRAWINGS INDICATE A GENERAL SCOPE OF WORK TO BE PERFORMED AND DOES NOT RELIEVE THE CONTRACTOR FROM OTHER INCIDENTAL WORK REQUIRED TO COMPLETE THE BUILDING RECONSTRUCTION AS SHOWN AND REQUIRED BY THE CONTRACT DOCUMENTS INCLUDING, BUT NOT LIMITED TO, PLUMBING, ELECTRICAL, AND HVAC.
5. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS AND THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS.
6. PROTECT FROM DAMAGE DURING CONSTRUCTION ALL EXISTING WALLS, FLOORS, CEILING, ETC., THAT ARE TO REMAIN.
7. COMPLETE WORK IN AN ORDERLY AND CAREFUL MANNER, ENSURE THAT NO EXISTING CONSTRUCTION IS DAMAGED, DISRUPTED, OR REMOVED WITHOUT AVOIDING NECESSARY DAMAGE TO EXISTING CONSTRUCTION. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING EXISTING CONSTRUCTION AND SHALL BE RESPONSIBLE FOR REPAIRING ANY DAMAGE TO EXISTING CONSTRUCTION.
8. ALL ELECTRICAL TO BE DONE IN ACCORDANCE WITH THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS AND THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS.
9. ALL ELECTRICAL TO BE DONE IN ACCORDANCE WITH THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS AND THE CITY OF SACRAMENTO'S PLANNING DEPARTMENT'S REGULATIONS.
10. ALL EXISTING LIGHTING TO BE CONNECTED TO THE RESPECTIVE OWNER'S PANEL, IF ONE EXISTS; IF THERE IS NO OWNER'S PANEL, THEN ONE MUST BE INSTALLED.
11. CONSTRUCTION TO BE DONE IN ACCORDANCE WITH ALL DIMENSIONS.
12. AREAS NOT IDENTIFIED WITHIN SCOPE OF WORK SHALL BE CONSIDERED AS NOT HAVING ANY WORK DONE IN THOSE AREAS.
13. WORK SHALL BE ONLY FOR RELOCATION OF MODULAR BUILDING TO BE USED AS AN ACCESSORY USE TO THE EXISTING WAREHOUSE BUILDING, INCLUDING PLANS, ANCHORAGE AND STRUCTURAL CALCULATIONS AS PROVIDED BY THE MODULAR BUILDING MANUFACTURER.

Attachment 7: Applicant Narrative

The "South" Project Narrative

The "South" Project includes the interior renovation of a mixed-use building located at 1915 6th Street in the Southside Park Neighborhood of Sacramento, and the development of the midsection of the first floor of this building into a small interactive diner/kitchen/bar space. The project will also restore the first floor front space to its original retail use along with its original commercial kitchen in the back. The new diner area would seat no more than 24 people, and occupy approximately 304 sf of the center section of the first floor. The small kitchen/bar portion of that center section would occupy approximately 194 sf. We believe that both the original mixed use purpose of this building and the early 20th century urban style of its architecture are historically significant and compatible with surrounding uses.

The current zoning is RO and a zone change is requested to RMX, which is appropriate for the existing building, its original and its proposed uses. A Preservation Review will also be necessary to support the zone change, per the Pre-application meetings with Evan Compton and the various departments that attended the two meetings.

1915 6th Street was constructed in two parts between 1918 and 1921 as a retail bakery downstairs and a residence upstairs. The property has had three owners since it was built. There is a biography attached of Joseph Bianchi, the original owner-builder of the Paris "French" bakery, from a 1923 history of Sacramento. He and his family lived upstairs. The second owners were the Kunishi Family, who purchased the property circa 1955, lived on the second floor and ran a tofu and noodle factory with a retail store in front on the first floor.

The current owners, the Kavookjians, purchased the property in April, 2012. Their goal for the property is to live in the upstairs apartment with their two small children, and run their businesses downstairs. The business plans include: a retail storefront for small kitchen-interior-home products, a commercial catering kitchen in the back for their catering and event business, and the small interactive diner space located in the center of the first floor commercial area.

The original structure is believed to be the approximately 41' X 40' vintage brick portion on the western half of the lot bound by 6th Street and Solon Alley that has two floors along with a partial basement crawlspace. Records dating as far back as the 20's describe the property as being a mixed-use building with a bakery and commercial kitchen below with a residential apartment above. A single story commercial portion was added to the structure and completed in 1921. Archived building permit records exist for most, if not all additions. Per the Design Team, the building structure is in generally good shape with some work required to update fixtures and finishes to meet current health, safety and building codes. The building is currently considered an interior "fixer," and the Kavookjians are committed to making the interior renovation energy efficient where possible.

The second floor of this building is currently a 4 bedroom, 1 bath apartment that has been consistently used for that purpose since the building was built in 1920. The first floor was most recently used for some warehouse/storage with one portion as a residential garage.

The Kavookjians' intend to promote a walkable, liveable neighborhood in the Southside Park area, and have their businesses be neighbor-friendly. They plan to have the diner open for brunch during the year-round Sunday Farmer's Market located three blocks away. Since their family will live in the upstairs apartment, they are committed to providing a positive presence in the community, and are looking forward to making the Southside Park Neighborhood their home.

They currently own a thriving private event catering company, and recently also opened a small bistro in Granite Bay. (<http://eightgranitebay.com/>, <http://www.facebook.com/pages/Eight-American-Bistro/137891823014882>) The Eight American Bistro site serves as a temporary brick and mortar location for their catering kitchen and event business office until the South Project is complete.

They and their design team met with the Southside Park Neighborhood Association in June, and were well-received by the group. Bill Magavern is currently assisting us in gathering support letters.

Sacramento County Biographies

JOSEPH BIANCHI

JOSEPH BIANCHI.--Among the substantial residents of the community, a factor for good and progress in moral and social circles is Joseph Bianchi, the proprietor of the Paris French Bakery. He was born July 4, 1892, in Italy, a son of August and Caroline Bianchi. His father first came to the United States, and his family followed later, and they reside in Sacramento.

Joseph Bianchi was educated in the schools of Italy. When he was fifteen years old he came to America with his mother, and went directly to Sacramento, where he worked on his uncle's farm three years, and then learned the bakery business. In 1914 he established his own bakery and in 1915 he bought his present place of business, which is equipped with the latest modern improvements. He does a great deal of retail business and some wholesale, having four delivery automobiles to handle the distribution of his bakery goods.

Mr. Bianchi was united in marriage with Miss Emma Apostolo, a native daughter of Italy. They are the parents of two children: Telly, and Caroline. He is an Odd Fellow, an Eagle and a Druid, and a member of the California Hospital Association. He and his family stand high in the estimation of the community where they have resided for many years. He is especially fond of hunting, and at all times is deeply interested in the welfare of his community, aiding materially in the county's advancement. In national political affairs he is a Republican.

Dedicated to improving the quality of life in the community of Southside Park; to enhancing the livability of the area by establishing and maintaining open lines of communication with various government agencies and other neighborhoods, to acting as liaison for the neighborhood with various agencies and associations, and to providing an open process by which all members of the neighborhood may involve themselves in the affairs of the neighborhood.

Re: 1915 6th Street - Kavookjian project - "South"

To whom it may concern,

N'Gina and Ian Kavookjian met with Southside Park Neighborhood Association in June 2012 to discuss their project in Southside Park neighborhood at 1915 6th Street. We understand their goal for the property is to live in the upstairs apartment with their two small children and restore the downstairs to a retail storefront for small kitchen-interior-home products and a commercial catering kitchen. They want to also include a small interactive diner space located in the center of the first floor commercial area. We also understand that the project would require a change in zoning from RO to RMX. Those in attendance were 100% supportive of the project as described.

After our June meeting, we distributed notes from our June meeting to our membership and put the matter on our July agenda for a vote. The July vote was unanimous in support of the project. In addition, we have had only positive input via our email list and personal contact with residents & property owners who were not in attendance at our meetings, including one with property directly across 6th Street from the project.

So, it is clear that SPNA supports the project and the zoning change it would require.

Bill Magavern
SPNA president
