

### eComments for Preservation Commission 7/06/11

Item	Name	Neighborhood	Position	Comment	Received
eComments- posted by 1pm on day of meeting	Steven Belzer	District 4	None	Re Item 3. Land Park Community Association has suggested that the OSHHP Master Plan must consider an alternative that does not include steam excursion train trips beyond the I-5 overcrossing North of Sutterville Road. All alternatives and the preferred alternative include a train stop at the back of the zoo at Sutterville. This was studied in an EIR in the 1980s and rejected as environmentally infeasible. Pls ask the State to include an alternative without extension of the train to the zoo.	6/30/2011
