Description/Analysis

**Issue:** On December 5, 2006, City Council adopted Resolution No. 2006-876 awarding MSI a two-year contract with three one-year renewal options for a total not-to-exceed value of $1,604,429 for the potential five-year term for printing and mailing services. The Department of General Services has an ongoing requirement to provide printing and mailing services in support of City departments and MSI has proven to be a valuable partner in providing these services. This report, therefore, recommends suspending competitive bidding per City Code and executing Contract Supplement No. 1 to increase the contract time of performance by two years.

**Policy Considerations:** The recommendations in this report are in accordance with: 1) the provisions of City Code Section 3.56.230(C), which states that the City Council may, by two-thirds vote, suspend competitive bidding for any purchase or contract in the best interests of the City; 2) City procurement policy AP 4101 requiring City Council approval for contract terms greater than five years for contracts greater than $100,000; and 3) Resolution No. 2010-346 prohibiting the City from entering into any contract to purchase goods or services from any business or entity headquartered in Arizona.

**Environmental Considerations:**

**California Environmental Quality Act (CEQA):** The recommendations in this report involve the purchase of printing and mailing services and are not a ‘project’ that is subject to CEQA, in accordance with Section 15378(b)(2) of the CEQA Guidelines. Therefore, as determined by the City’s Environmental Services Planning Manager, no environmental review is necessary.

**Sustainability:** None

**Commission/Committee Action:** None

**Rationale for Recommendation:** On December 5, 2006, City Council adopted Resolution No. 2006-876 awarding MSI a two-year contract with three one-year renewal options for a total not-to-exceed value of $1,604,429 for the potential five-year term for printing and mailing services. The Department of General Services has an ongoing requirement to provide printing and mailing services in support of City departments and MSI has proven to be a valuable partner in providing these services. This report, therefore, recommends suspending competitive bidding per City Code and executing Contract Supplement No. 1 to increase the time of performance by two years.

As the existing contract is approaching the end of its five year term, a new competitive process would typically be started for a new contract. However, this report recommends suspending competitive bidding and awarding a two-year extension to MSI for the following reasons:

- MSI is a recognized leader in the local market for printing and mailing services
- Staff has researched vendor pricing and determined that MSI’s rates are favorable when compared to industry rates
- MSI has provided value-added service during the original five-year contract term by providing City departments with bulk mailing consulting services
- MSI has proven to be a valuable partner by working diligently with City departments to reduce mailing costs
**Financial Considerations**: Funding for this service will be provided by the various department operating budgets or capital improvement project (CIP) budgets that utilize the service. MSI has agreed that pricing for the first year of the contract supplement will be at the original bid price. Price increases are capped at a maximum of four percent for the second, and final, year of the contract supplement. Sufficient funding is available in the FY2011/12 operating and CIP budgets for purchases through June 30, 2012. Purchases made after June 30, 2012 are subject to funding availability in the budget adopted for the applicable fiscal year(s).

**Emerging Small Business Development (ESBD)**: MSI is not certified with the City as an emerging/small business firm.
