Description/Analysis

Issue Detail: Pursuant to a request for vacation made by T9 Affordable Housing Partners, LP, the applicant is requesting the vacation of the IOD (for three separate parcels known as Lot A, Lot B, and Lot C) that was recorded for park purposes on behalf of the City of Sacramento as described in the recorded document in book 20121030 at page 0522 of Official Record (see attachment 3). One of the buildings footprints, façade and awnings encroached within the area identified as Lot C within the recorded IOD document. Upon removal of all exceptions on the current title report, a new grant deed for Lot C will be accepted by the City that excludes the area encroached by the existing buildings, a new IOD will be recorded for the existing Lots A and B, and the existing recorded IOD will be vacated.

Policy Considerations: The Council action recommended in this report is consistent with the 2035 General Plan, and is in compliance with California State Code Section 7050 and the Streets and Highways code for Summary Vacation Sections 8330-8334.

Economic Impacts: None

Environmental Considerations:
California Environmental Quality Act and National Environmental Policy Act (CEQA/NEPA): The Community Development Department, Environmental Planning Services Division has reviewed this project and determined that the vacation of the Irrevocable Offer of Dedication is exempt from the provisions of the California Environmental Quality Act (CEQA) Section 15305, Minor Alteration in Land Use Limitation. The vacation of the public service easement consists of a minor alteration in land use, which does not result in any changes in land use or density.

Sustainability Considerations: None.

Commission/Committee Action: None.

Rational for Recommendation: The vacation request to relinquish the IOD will provide a clear legal understanding of the areas identified within the recorded document that make up the three parcels for park purposes.

Financial Considerations: The applicant is responsible for all fees required to process this vacation application request and there is no cost to the City.

Local Business Enterprise (LBE): None.
Background

Township 9 is a 65-acre planned mixed use community located in the City’s River District in the Central City Community Plan Area. During the Township 9 entitlements process a unique urban park system was proposed as part of an urban design approach. To meet the design of a “turn-key” park an Irrevocable Offer of Dedication was recorded to cover 3 parcels for park purposes in Book 20121030 at Page 0522 with the Recorder’s Office of Sacramento County (see attachment 3). The parcels listed as Lots A, B and C within the recorded document are the identified areas for city parks within the City of Sacramento. Lot C now known as “Cannery Plaza” has been built out as a functional outdoor park area with a mixture of hardscape and landscaping for everyday public use. Adjacent to this area is a mixed use retail and 180 affordable housing unit complex. This mixed use building was built out with a portion of the building’s façade, awnings and footprint encroaching into Lot C “Cannery Plaza”. The encroachment of the building façade and awnings presents a problem if and when the city would accept the IOD. The process to accurately depict all lots dedicated to the City will first require a grant deed for Lot C, recording a new IOD for Lots A and B, and vacating the recorded IOD for Lots A, B, and C.

To correct the building encroachment into the area of Cannery Plaza, the City’s Parks and Recreation Department requires the owner to grant the unencumbered area of Cannery Plaza to the city with a grant deed. It is anticipated the updated area of Lot C will be granted and accepted by the city prior to this vacation being heard at City Council. The new grant deed for the updated Lot C area and new IOD for Lot A and Lot B (both areas remain unchanged) secures all three parcels to the City. This allows the city the ability to abandon the previously recorded IOD for Lots A, B and C. The new IOD for Lots A and B for city park purposes has been approved and recorded prior to City Council action. The abandonment of all 3 parcels has been secured with a new grant deed and IOD as noted above.

Staff, including various City departments and the city’s Real Estate Section of Public Works, have reviewed this request and support the proposed abandonment request.
