Description/Analysis

Issue Detail: Staff review of Article X of City Code Chapter 3.60, governing bid protests on City contracts, identified a need to update and revise these procedures to reflect current practices and better address several aspects of the bid protest process.

Policy Considerations: The proposed ordinance revisions are intended to improve the City’s bid protest procedures. A summary of key changes is provided in the Background section of this report.

Economic Impacts: Not applicable.

Environmental Considerations: Ongoing administrative activities, including general policy and procedure making such as adoption of the proposed ordinance, do not constitute a “project” under the California Environmental Quality Act (CEQA) Guidelines Sections 15378(b)(2) and 15378(b)(5), and are not subject to CEQA pursuant to CEQA Guidelines Section 15060(c)(3).

Sustainability: Not applicable.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: Adoption of the ordinance included in this report will amend the City Code to update and clarify provisions relating to bid protests, to be consistent with current practices and improve the bid protest process.

Financial Considerations: It is anticipated that these revisions will have minimal impacts on revenue and expenses for the affected departments.

Local Business Enterprise (LBE): Not applicable.

Background: The proposed ordinance updates Article X of Chapter 3.60 of the Sacramento City Code, including the following revisions:

1. Adds language to clarify that the bid protest procedures do not apply to a contract that is not required to be competitively bid, unless specifically incorporated in the contract’s solicitation documents.

2. Deletes the requirement that a copy of a bid protest be provided to the project manager because the City Clerk sends one when a bid protest is received.
3. Adds language to clarify that, in accordance with current practice, staff can change its recommendation after investigating the bid protest. This includes a notice to bidders of a changed recommendation triggering a new bid protest opportunity.

4. Simplifies the hearing examiner appointment language to be consistent with the City’s current practice for protests to be heard by independent hearing officers.

5. Qualifies the City’s ability to collect additional hearing costs from the protesting bidder to apply only when the hearing officer recommends denial of the protest.

6. Adds e-mail as a form of service if the e-mail delivery includes confirmation of receipt.
